Tuesday Morning.

In looking over my receipts for
the steamer, I find I have three
boxes of Celery, but I don't know
what to do with it, and as you seem
to think that "sea fruit" is a vegeta-
ble, because it ought to be called
before eaten, what do you say, to
oblige me so far, as to receive the
Celery as a fruit, and eat it (if
you can) without complaining, trusting
that you won't refuse me the matter
this little vegetarian experiment, I
will continue to subscribe myself your
friend.

Dear Whaley - Enclosed please find Check
295 drawn by me in your favor at 1 day on H.
Van Valkenburgh for \$152 (one hundred & fifty
two dollars) being balance of rent due.

I have no apology to make for not answer-
ing your letter of Dec 17. except this, which is in
reality no excuse at all. I got your letter on the
Steamer Early in the morning, whether I went looking
for my mother in Law & where I very seldom go. I looked
at the signature without reading it, stuck it in my breast
pocket & came away. Changed my coat, answered my
other letters, and never came across yours again un-
till two days ago, when on putting on the same coat I
was shocked to find that you had been urging me for
money a month ago! Your former one to which you refer
I never received - You will probably find it in your desk.
Can you forgive my negligence? Please Acknowledge
Recd and oblige Yours very truly R. D. Dyer

I received one from you by mail
which I am much obliged of some
arrangement in the mails or of getting
letters about once a month. I am
in hopes when the daily line of Stages
are put on the route we will get our
mails regularly - I am much obliged
for the information you troubled yourself to
procure me - Dr. Sear's & Prall's wife
with him in the Bottoms - How are Dick
Clam & all our old friends - I would
like much to see them all. I am very
regards to Mrs. Whaley - I am in hopes
of visiting California next year & I
will come to see you if I do. What do
you think are the prospects of the next
Presidential election - Will Breckinridge or
Lincoln be successful - Will California
go for Douglas? How is your paper
in San Diego - does it make in value any -
I think the prospects of a Rail Road

am not very flattering at present I am
in hopes before long I will be enabled through
commerce at both ends - By the inland
and mail stage will would pass I think
the over-land would follow I wish - How
do you come in your office - you receive the
same salary that I do - but my expenses are
not so much as yours - Living is not very expensive
in Oregon though some things are higher than in
California - I have been confined by my
business that a sea voyage would do me much
good - I fear that my old friend Cap Soule
with whom I came across Cape Horn to the
"Porpoise" has left New York for San Francisco
in the ship "Panama" - I hope you will sail
on board & see him when he comes to anchor
how when he goes to anchor - I should
wonder to do I would like to take another
sail with him - I hope you will be
suspicious in your affairs in California they
will send, regards to yourself & Mrs Whaley I hope
to see you when they go to California in the
mail from Oregon I will do the same -

Your truly

Dear Friend

I have to buy this small bill of goods for me, and I will be under obligations, as I say this every time I write, I suppose you have a long list off my indebtedness to you, in this line, which I hope one of these days to repay. Please go to 134 Washington St and tell the Carpet Merchant there to send or you may have them shipped with the other goods the remnant of that piece of Carpet bought some time ago by Lieut McLenore U.S.A. and tell him I left a sample and brought the curtains back again to him and he will understand what Carpet I mean.
