Dear Sir:

Mr. Nash writes
To settle the note in the
way you proposed the
other day. We spoke
to Frank about it, but
thought perhaps he might
forget to tell you.

Yours truly

Madam

We enclose bill showing
balance against you of sixty six ²⁵/₁₀₀ dollars \$66.²⁵ -
We did not understand how soon you said it would
be convenient to make a settlement when you opened
the account - With our very moderate capital
we are obliged to make our business as near
to cash as possible and don't think we can afford
to carry as much of a balance as this against
you - We shall be always glad to accomodate
you to a moderate extent

Respectfully Yours

Thos Whaley Esq.

Brooklyn, N.Y.

Dear Sir:

During the months of July & August last year we furnished Mrs Whaley with goods to the amt. of \$72.⁷⁵ & paid 1.⁵⁰ for repairs on scale, making total Chgd to your ac - 74.²⁵ The receipts for weighing from July 1st 73 to May 12th 74 have been 23.⁷⁵

$\frac{1}{4}$ of same paid to you credit 17.⁸¹

Leaves balance due us May 12th \$56.⁴⁴

We expected this would be paid long before this, & have not counted as long for any other ac on our books. It would oblige us very much if you would remit the amount soon, & all the receipts for weighing from

May 1st we can haul to Mrs. Whaley

There will be more hay weighed
this month than in any month
before, as a good many farmers
are cutting now. But the
majority of the farmers bale &
weigh at their ranches now.

Hoping to hear from you soon,

We remain yours truly,

Hamilton & Harston

I return the a/c of Hamilton &
Marston. I notice the charge of
interest \$7.30. which I think con-
temptably mean - something which
they have no legal right to do and
which they could never have expected
if demanded. At any time they
would willingly and gladly have
accepted the amount of the bill.
They think however as they have
money coming into their hands
they can do as they like - If I
were able and a bill stood as long
as this has I should not object to
the item of interest. But knowing
as well as they must how you are
situated, so poor that they were
not allow you to run up a Trian-
ble for fear of not being able to
collect it - I think it must com-

troubled by such under the circum-
stances to charge interest

You need not however allude to
anything I say - I can hardly
think that it is Hamilton's do-
ings and I doubt if you should
write about it he will strike
it off the list - You had better
mention it when you are able to
get around again - I think
you will find H. knows nothing
about it and if you explain
fully, and ask him to commit
it, that he will do so -
