RACHEL WHALEY TO  
DROUARD DESNEUFBOURG

June 30<sup>th</sup>. 1845.

M<sup>r</sup> David Desnoyebourges.

Sir, as my son was traveling I hope you will excuse the liberty, I took in having my son Thomas bill drawn in your name, as I was fearful he might require funds, at a distance, and you might feel a delicacy to supply him, being assured, he had a dependance on my remittances, which I have endeavored to attend to, as punctual as possible. I knew of no gentleman, I could place more confidence in than yourself; according to the very high terms, my son has spoken of you, in his letters to me. — I am at this time waiting for letters from Thomas, which I may receive in a few days, but as he is expected to return to Paris, in July 15<sup>th</sup> — I thought this letter would be in time for him, and in case anything should happen to detain him, will you have the kindness, to inform me of his non arrival at Paris, as possibly something might have happened to him which I am not aware of. I am very anxious for his return home, as I know his position, is rather exposed on account of his youth, I trust he will be mercifully protected, and will return home safe to America. Will you please to write, by the next steamer, unless you find that Thomas will be in Paris in a few days after the receipt of this letter. possibly he may have arrived, by the time this letter does. I will save you all the trouble, I have desired you to take. I hope my anxiety for Thomas will, be a sufficient apology for the liberty I have taken in addressing you — Please to present my salutations, to your kind family, and receive this from me, with the

Utmost respect.
