MEMORANDA

INDIGESTION, caused by eating too much, or ea to digest, or when caused by late supper, or not enough exercise, is wonderfully relieved and the fullness and heaviness entirely dissipated by a dose of Simmons Liver Regulator.

POOR RICHARD'S MAXIMS.

God helps those that help themselves.
A little negicet may breed great mischief. Drive your business, let it not drive you. If you would be wealthy, think of saving as well as getting. If you would be wealthy, think of saving as well as getting. Beware of little expenses; a small leak will sink a great ship. If you would have your business done, go; if not, send. Not to oversee workmen is to leave them with your purse open. If you would know the value of money, go and try to borrow some;

HOW TO KEEP WELL. There is deep meaning in the Oriental salutation, "How is your liver?" When the Liver is Torpid the bowels are Singgish and Considered. The food lies in the stomach multiposted and poisoning the blood; frequent headaches; a feeling or lastifude, despondency and nerrousness collect here the whole system is deranged. The genuine Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver, than any other agency known on earth. It acts with extraordinary power and efficacy on the Liver—the largest organ of the body, called from its importance, the housekeeper of our health, the body, called from its importance, the housekeeper of our health, without whose free and healthy action good health is impossible.

processes, which we keep secret. And why should served and studied? Secrets exist in Nature, in Science, and in Medicine. The physician is secret in his Latin prescription and in his scientific terms because it is advantageous to the patient. For the same reason we keep secret the process of making Simmons Liver Regulator and let the well-proved efficacy and virtues of the medicine be its warranty. Thousands of intelligent people-those who are too wise to be deceived and too honorable to deceive others-have experienced in themselves and witnessed in others the virtues claimed for this medicine; and it is a source of extreme gratification to receive as we do, almost daily, unsolicited testimonials as to the perfection of our medicine and the satisfactory results obtained from its use-and we know it deserves them; for, out of the immense quantity manufactured (over a ton dissatisfaction. No physician could attend so many patients as our medicine is administered to, and, it confined to the practice, it could only reach a limited number, whereas we impart the knowledge of it to the millions; besides, many who live at a distance from the family physician often defer sending until severe sickness sets in, being unwilling or too poor to incur the expense of doctors' bills. To such Simmons Liver Begulator is an inestimable blessing; for whatever the ailment may be, an active, harmless, not repulsive, and thorsughty safe purgative, alterative and tonic cannot be out of place. The Regulator is safe to administer in any condition of the system and in every singe of disease. Under no circumstances can it do harm.

We secure the "purest and best" of everything, and use only the ingredients as produced by Nature. No handling comes between us and Mother Earth's productions; we clean, cull, and select from Nature's botanic carden (our medicine being ontirely vegetable and as harmless as the grass of the heir) and distribution with the distribution of the purity and office what has cost us a fortune in money and many years of labor; therefore, no one need fear any adulteration in Simmons Liver Regulator while we control it, as we are determined ever to sustain our motto: "Purisima et Optima."

Beware of frauds, imitators and substitutes, take none without the signature of J. H. Zeilin & Co.

difficulty. It causes no repul: , delicate constitui on. THE PROPERTY OF THE PROPERTY O On account of its possession, in a rare and unprecedented degree, of ALL THE REQUISITES vecessary to obtain enduring popularity, It has, in spite of all opposition, maintained and won its way into favor.

It has ONLY TO BE TRIED ONCE to become the favorite and standard remedy. Its advantages are secured and noticed by a single trial.

The bad effects of that fruitful cause of unsound health—IMPRU-DENCE IN EATING AND DRINKING—are speedily removed, and the depression which is so frequently felt after eating by those who have disordered stomachs, is quickly banished. The readiness with which this remedy is taken by young and old, and its convenient form, facilitates its immediate absorption into the system, while its purgative qualities do not operate until NATURE IS AIDED and relieved by their action. When the system is surcharged with bile, an active cathartic effect will be experienced, but after the bile is removed active purging ceases. In fact, the bile is Nature's purge and Simmons Liver Regulator, acting in harmony with Nature's laws, only arouses her agent to action. Costivaness and Indigestion.—Habitual costiveness gives the skin a dull, unclean appearance, and the eyes appear aurcharged with impurities. It affects the mind as well as the body.

Diarrhon and Dysentery are almost always preceded by cramps er spasmodic twitches in various parts of the body.

Terror and Ague.—Pains in the limbs, headache, chill followed by

Dropsy originates in liver, heart or kidney disease. Symptoms par-

take in a measure with all other diseases.

Bladder and Kidneys .- Urine is formed from the blood, not from what we drink, directly. The patient becomes emaciated, suffers a dull or severe pain in the back above the hips each side of the spine, tenderness on pressure, with too profuse or scanty urine; cloudy flakes or red deposits in the urine. Most of the diseases of the bladder originate from these of the kidneys. Restore the action of the Liver fully and both the kidneys and the bladder will be restored.

Femalo Affections,—General debility, want or strength, and nervous exhaustion. The liver and stomach and other organs do not exercise their proper functions, and cause debility, poor blood, cruptions and discolorations of the skin, irregular appetite and general costiveness and bendarhe. Simmons Liver Regulator is poculiarly adapted for Females.

"I WISH I WAS DEAD!"

Is an expression not unfrequently made use of by the dyspeptic and suf-ferer from Liver disease, the depressed spirits unfitting the mind for anything, and almost driving him to despair. But be of good cheer; there is life and health for you yet-so those who have taken Simmons Liver Regulator attest. It regulates the Liver, dispels despondency and re-

Found it what it was Recommended .- Having been a great sufferer for many years from General Debility and Indigestion, I concluded to try Simmons Liver Regulator in small doses, and found it what J. F. Dumas, Haddock, Ga. it was recommended.

Dropsy Cured .- I have been afflicted with an affection of the Kidneys for years and it seemed nothing would relieve me. I commenced taking S. L. R., and am now sound and well. J. W. Povers, Macon, Ga.

S. L. K., and am now sound and well. J. W. FUNNES, MACON, O. Hon. Alex. II. Stephens, of Ga., says:—"Have derived some benefit from the use of Simmons Liver Regulator, and wish to give it a further trial."

How to Secure Immunity from Malaria.—That the harmful breeding districts in the valley of the Mississippi and swamp lands of the Atlantic coast by Simmons Liver Regulator. This medicine originated in the South where malaria is the most general complaint, and it has satisfactorily demonstrated that healthfulness can be preserved in malarial districts by its powerful tonic and alterative effects. Used as a preventive the Regulator has invariably been found to be a most reliable safeguard against chills and fever, billous remittents, and still more malignant types of malarious diseases, and when used in a remedy has always proved its adequacy to the task of eradicating such maladies from the system. For disorders of the stomach, liver and bow-als, which in hot climates and miasmatic localities are particularly rife, Simmons Liver Regulator is a prompt and thorough remedy. The Regulator also strengthens the system, tranquillizes the nerves, promotes digestion and sound sleep, and imparts unwonted relish to the food.

"Having used Simmons Liver Regulator for a long while, I pronounce # = splendld preventive of disease. During the last terrible epidemic the people in my neighborhood soon bought up all the Regulator, and suffered for want of more—not being able to procure any from Memphis and other points on account of quarantine and the large demand. Pharmacy," originated the Compound Syrup of Phosphates, which has a world-wide reputation; and in Great Britain and East India no remedy stands with such a reputation with the mature and intelligent of these countries. It is a preparation based upon the most profound chemical and medical knowledge, by chemically combining the very elements that make up the human system and calculated to supply and recreate in the wasted body, and "to the mind diseased" to impart the vitalizing principle, Phosphorus, so usually exhausted.

Its popularity with the medical profession of the Old World proves its great value, as they are not people that catch at new things; but, when an important discovery is made of undoubted value, none are so ready to embrace its benefits as a TONIO without alcohol that supplies to the system its exhausted powers.

Chemical Food is of benefit in cases depending either upon the want of a sufficiency of blood or upon a lack of its vitality or cicliness. It may be used with advantage in Chronic Angula of Chlorosis, Hysteria, Fluor Albus, Scropula, Rickets, Passive HEMORRHAGES, NEURALGIA, DYSPERSIA, GENERAL DEBILITY, A WANT OF APPRITE, HRADACHE depending upon impaired digestion, diseases peculiar to females, and for all unhealthy conditions of blood.

Each teaspoonful contains about one grain of the Soluble Phosphate of From two and one-half grains of Phosphate of Lime, and a smaller pro-property of the Attaline Phosphates, all in perfect solution, having a slight though not injurious excess of Phosphoric Acid.

Chemical Food, surpassingly agreeable to the taste, is intended as an efficient substitute for those repulsive bitter toni an efficient substitute for those repositive better tonics, against which the delicate stomach frequently revolts.
