Letter:- Thomas Whaley To
Rufus Hatch, Esq. RE. References
in various positions.

New York, January 26th 1874.

Refus & Hatch Esq.

Vice President D. M. & C. Company.

Dear Sir,

I take pleasure in introducing to you Mr Thomas Macey, a pioneer resident largely interested in the welfare of San Diego, Cal., who, from information received, believing that the agency of your Company at that place is about being vacated, would respectfully solicit for himself the appointment as its succeeding officer. Should the information be correct, may I ask for Mr Macey an examination of his merits, and, if found satisfactory, a favorable consideration of his application?

I have long been intimately acquainted with Mr Macey. Connected as he is with me by marriage, and long & fully recommended him as a gentleman of the strictest probity and integrity; and, from the various offices

of responsibility and trust which he has satisfactorily filled in the employ of the U. S. Government - besides his general business experience - believes him to be fully qualified for the position.

Trusting that the interview may result in his appointment, which, apart from other considerations, I shall esteem a personal favor, I have the honor to remain,

Very truly,

Yours City. res.

J. F. Warner
