San Diego January 5th 1854.

My dear Husband I have this moment received
your letter of the 31st and am sadly
disappointed to think that you ~~will~~
~~not~~ come by this steamer had I know
when you spoke of leaving me that
you intended to stay away from me a
whole month, nothing in the world
would have induced me to let you
go without me, you promised to return
in two weeks and I have tried to feel
contented as I possibly could until
the steamer arrived, and it has arrived,
I watched for you until I received your
letter and then you may imagine how
I felt, I am so choked up with tears
that I can scarcely tell what I am
writing, if it were not for so many
around me I should burst out crying, I
shall have to cry it out, and I know
there will be no sleep for me to night.

you should have told me that you
intended to be absent on such and then
all ~~words~~ have been right. You shall
never leave me again I can assure you
You hope I am enjoying myself, what
enjoyment can there be for me when
you are absent Mr Derby has made
time pass rather agreeably since his return
and he is the only one I can thank
for the little amusement which I have
had. But he leaves today and I shall
be as low spirited as ever. I am glad
to think that you have arrived safely
and that you have had a pleasant
trip. But I hope the one home will
be much pleasanter. There is nothing new
going on here, everything is as you left it.
The same dull place, and now appears
twice as dull, since you have left it.
Oh how I wish I could take things
as they come and then I should
not feel so down hearted. I must
soon cease writing for the tears are
forcing themselves out and I can scarcely
see. I thank you very much dearest
for your presents and will prize them
very highly. I have not yet seen them.

Dear Son,

Your letter dated Nov 30th ^{me} lies before
which gave me great satisfaction, though I was compelled to
wait a fortnight beyond my expectation to hear of your safe
arrival in San. Fr., which is happy to hear that you had such
agreeable passage as you consider it long which must have
been pleasant. I was pleased to meet with Mrs. Bruce
who I trust you gave my kind remembrances, Mr
Flyatt is doing a good business I understand - Thomas
should say the Agents will feel most grate to you
for the trouble and attention you have paid their
wives but some people have but little gratitude after
they have had their ends served I hope you will
be pleased with your house keeping as you anticipate
Thomas you write that you are again, amongst
friends who seemingly cannot do so much for you
I hope I trust you did not require them on the same
occasion as you did in Elgon or I am dubious to say that
you would have found them ^{not} seemingly willing a
Friend in need is a friend indeed I must say I think
John was very kind to you I was glad to see it - as
to your Aunt's conduct you had it to effect if she
chose to inflict, as you placed yourself in her power,
with others, those who were mild towards you are
deserving of your respect I cannot but resent her
unkindness to us both I cannot but resent it though
I as I always said you ought to have acted different

but never mind, you will soon overcome all difficulties
and be free from them all, which is a great comfort to me
but, do not connect all together as that I cannot
allow I am pleased to hear that your business was
was conducted in good order while you was absent in city.
I trust you will make a pile, one of these days
I am glad to hear that you feel revived in mind and
body, as I was much grieved at your worn appearance
when I had you the last advice as I told your brother
John; I thank you for your kind wishes with respect
to my happiness all I ask is kind treatment from
any one that or none at all as I am willing to conform
at all times I hope and pray you will take good care of
your self as you are a worthy man you full well know
I will not let any one find fault with my children
as I think they are pretty good therefore they must not
allow any one to complain of me, their Mother last
parent, and very true friend, indeed for what would
not a mother do for a child in distress but I need not
tell you a word of that who has experienced all I write
My dear child I will revert to yours of Dec^r 10 1853
San Diego which has come safe to hand to cheer my
anxious mind I do not wonder you feel happy
to return to your place of business and where you
have spurned your associations all things appear

New York le 19. Janvier 1854.

Ma chère enfant.

Enfin! une lettre depuis trois mois que tu as
quitté N.Y. c'était temps car mon inquiétude
était à son comble, et lorsque Clara et sa
femme sont venus un soir me dire qu'ils avaient
reçu une lettre de ton mari Oh! me suis-je écrie
Anna est malade. Non, a dit Clara, elle se
porte bien, et elle ne m'a écrit pas? Ah! tu
pas encore reçu de ses nouvelles? Non, Voilà
trois longs mois qu'elle est partie et elle ne
m'a pas encore écrit, enfin, le lendemain
Melle Brice m'a envoyé ta lettre. Et était temps,
je sentais que je ne pouvais plus y tenir!
Anna! Ma chère enfant, ayez égard à mon
âge, à ma faible santé, à ma triste position
et ne négligez rien de ce qui pourroit réjouir
le cœur de ta pauvre mère. Si tu n'avais
le bien que ta lettre m'a fait. C'est
comme un baume calmant surtout lors
qu'après l'avoir lue j'ai pu dire que ta
santé était améliorée et que ton mari
te rend de nouveau et que le climat
est si doux! tu vas prendre des forces
et ta santé sera tout à fait rétablie quand

tu reviendras près de nous. Oh! chère Anna
que nous sommes tristes là-haut à notre gîte et
que nous avons besoin que notre Anna nous
donne de ses nouvelles pour abréger le temps
Peter a fait une maladie il lui est arrivé
un accident où il travaillait ce qui lui a donné
la fièvre intermittente intestinale pendant
plus d'un mois il n'a pu travailler, il est
encore bien faible et de temps en temps il a
le genou enflé ou la hanche lui fait mal
il est toujours chez Underhill mais sa santé
me donne beaucoup d'inquiétude, et puis, nos
affaires ne sont pas brillantes, et hiver, si
nous avions pu déménager et prendre un loge-
ment plus convenable nous aurions eu une
bonne classe chez nous. Au lieu que nous
n'avons personne, ni les Burrows, ni les
Vanderhoop ni les Pothemys heureusement
que Miss Henderson a fait venir à Amélie
les deux petites de Mrs Hoy (Dejean) la petite
de Mrs Hoyt (sœur de Mrs Leland) et la petite
de Mrs Henry Livingston (même famille) elle va
leur donner leurs leçons tous les jours. Mrs
Burrows est logée à St Dennis Hotel elle
garde ses enfants à la maison cet hiver
elle compte aller demeurer à la campagne
bientôt. ils sont revenus d'Europe le
1^{er} Nov. Amélie est restée avec eux encore
quelques semaines, mais Mrs B. voulait

une Bonne d'enfant. Amélie a reçu ta lettre
la veille du jour qu'elle a quitté Paris, elle
attend une lettre de toi bientôt alors elle
te écrira. Nous avons Amélie et moi donné
à nos cheveux à Daniel qui devait en faire
un bracelet pour toi mais il n'a pas réussi
à le faire aussi bien qu'il aurait voulu
j'en suis fâchée car j'avais l'occasion de te
l'envoyer par un Monsieur de la connaissance
du Dr. Goussier et de ton Mari qui doit partir
le 20. et qui doit se charger de cette lettre
ce sera pour une autre fois. j'attends une lettre
de toi ma chère enfant par tous les mails
comme tu me l'as promis dans ta lettre.

Il est fâché que les femmes ne puissent
s'accorder, mais en tout temps, cela a été de
même ainsi il ne faut pas s'en chagriner.
ton Mari te rend heureuse cela suffit. je n'ai
pas d'inquiétude là dessus et je sais que tu feras
tout ton possible pour lui prouver ta reconnaissance.
Mais ne néglige pas de nous donner
de tes nouvelles nous attendons toujours avec
impatience que ~~tu nous envoie un mot~~ et dis tu
n'as pas comme nous ouvriront la fenêtre tout
il y a un estro pour écouter si c'est de
la California. Enfin ma chère Anna nous
s'embrassons tous de tout coeur ainsi que
ton Mari. Oh Combien je desire que tu reviennes

Bientôt. Il me semble quand je suis seule
que tu vas ouvrir la porte et que je vais te
recevoir. Oh! Anna le jour que tu m'as quitté
il me semble que j'entends encore Goodbye
Mother j'ai cru que l'on m'arrachait le
Coeur. C'était pire que la mort pour moi
je n'aurais rien à faire je n'ai pas d'élève
je ne vois presque plus je n'ai été nulle
part j'ai aimé à être seule avec mes pensées
alors je bâtis des châteaux dans les airs
il me semble que je te vois dans ton
minage avec ton mari et bientôt un petit
enfant qui un jour si Dieu le veut
m'appellera grand-maman je t'embrasse
que tu es revenue enfin je ne cesse de
penser à toi ainsi que ton frère et ta
Sœur qui te désire beaucoup de bonheur
et surtout une bonne Sœur Amélie a eu
bien du chagrin de ne t'avoir pas vu avant
ton départ et lorsqu'elle reçut ta lettre
à Paris elle a tant pleuré que M^r B.
Craignait que ~~je ne fusses malade~~. C'est un
chagrin bien triste pour elle la pauvre
Amélie. Encore une fois Adieu

Ton Père affectueux
V. E. Lannay.

Écrit toujours à la même adresse, il n'est pas
probable que nous déménagerons avant le mois de
mai.

Arthur Thomas

I received yours from Matthew
dictating, which informs me of your kind & generous
offer. I must say that I was none what disappointed
to think that such good luck was in store for me
from your hands. In the first place you wish to
know if I will come I will do so most cheerfully as I
think it is the best thing I could do for my self &
family as Rufus has fallen of here my much people
generally complain much. I have not made any
expenses since I left New York, I think I could com-
mence about \$800-00 after paying all my liabilities
which is some little it might be a little more
according how things sell and perhaps not quite so
much. This is a very small amount for one like me
to start on such a journey. I have been living
here for some time to a very little purpose.
However I am in hopes to do something ye with
your assistance. You speak of the Old York
Peppery I think I could do well at it as I have
a knowledge of it & know the different markets
to dispose of it. You have been there some time
and have had a chance to know the country and
know what I could do there. I would not like to
come & run the risk of losing your money unless
the chances are favourable to me but for my
part I am willing to give it a fair trial, and
make every effort to make money, as I would have
to sacrifice all I have got to go when you wish
inform me if it would be better to send any householding
article & use in fact any information that would
be of any benefit to me whatever. do not fail to pay

I don't think I should like to come as you propose
by a vessel, as I think there is more danger by
the Horn than by the Route that you took.
Annie thinks that she would not like to go that
way, however this can be very easily fixed,
when we get ready to start, I am told that the
passage has got down to \$150.00 per person less than
when you went. The most trouble to encounter
on the journey would be to cross the Isthmus with
~~the~~ the children. You can give me all information
about this, also the route that you took on your
return, you can advise me which route would
be the best of the two, should you want me
to make you any purchases or to attend to any
business let me know and I will do it cheerfully.
I should think that some things might be
bought to sell at a good advance. This you
must be the judge of, as you are acquainted
with the market. I shall make my calculations
and arrangements to come as soon as you send for
me, so you can write & let me know what it
be done, my stock in the store is low at present
& shall keep it so, as I am determined to leave this
City for some other place. Annie's father is
going to St. Louis in the spring I had some idea
of going with him but have a hard chance to the
motion since I have heard from you, do not fail
to give me all particulars & give me all information
as soon as possible. I am glad indeed to hear
that your wife's health is so much improved
and we hope it continues to do so. Annie wishes
to be near and to see you also. When my best wishes
with your wife for your health & prosperity
and receive this from your brother

Wm. W. W. 1840

Newyork le 6 Mars 1854.

Ma chère enfant,

Enfin la seconde lettre m'est parvenue aujourd'hui; il était grand temps je t'assure car mon inquiétude était au comble. Oh! chère Anna que de peines nous avons eu depuis ton départ! C'est bien l'hiver le plus sévère que j'aie eu à passer depuis longtemps; quoique ton absence me cause bien du chagrin, je me console en pensant que tu as échappé ^{tu} à une saison aussi rigoureuse. Ton pauvre frère a fait trois maladies et moi je suis une semaine bien dans un mois. La Sœur seule tient bon, elle a bien du courage la pauvre Amélie, elle a trois leçons à donner au dehors; deux le matin, et une le soir je suis étonnée qu'elle ait pu y tenir tout l'hiver par le temps qu'il a fait et les privations de - Mais Dieu merci elle se porte bien le voyage en Europe lui a fait beaucoup de bien et je bénis le ciel que mon autre fille Anna jouisse aussi d'une meilleure santé c'est ce qui me inquiétait le plus sur ton compte. Je craignais que tu ne fisses malade aussi, ta lettre m'a bien tranquillisé l'esprit patience chère Anna, supporte toutes les contrariétés le mieux que tu pourras

Surtout ne te chagrine point de ce que tu ne
sais pas faire les Puddings et les Pies tu
sais bien les manger cela suffit; que celles qui
savent les faire les fassent. et que ceux qui
les aiment les mangent je suis cependant
bien aise que tu te sois faite une amie de
M^{rs} Morse. sa conduite envers toi, prouve qu'
elle a un bon coeur. présente lui mes respects
et dis-lui que je suis bien reconnaissante des
complaisances qu'elle a pour toi. oui! chère Anna
tu dois être bien triste surtout quand ton mari
est absent mais pense à nous, dans une grande
ville, nous ne voyons personne excepté Daniel
qui vient tous les Dimanches et son frère
quelque fois les Saunders, aussi, la Soeur
a passé un hiver bien triste. tant qu'à moi
la tranquillité me convient. mais je voudrais
bien voir ma pauvre Amélie plus heureuse
et Peter mieux portant enfin à la grâce
de Dieu - tu parles de ton climat si doux
nous voilà au mois de Mars et il fait encore
bien froid. nous avons eu de grands froids
et beaucoup de neige est hiver les provisions
ont été, et sont encore à un prix exorbitant
la farine s'est vendue jusqu'à douze dollars
et demi le Baril. le Charbon aussi a
été très cher, le soirais-tu, nous n'avons
pas pu nous acheter une tonne de Charbon
nous avons été obligés de l'acheter au Boiteau

had a very pleasant journey as I left on the eight of Octo-

I could not be helped. I would write to you but she
said that you had written her with it. I am sure it will be
written.

New York le 27 Mars 1854.

Chère Anna.

La dernière m'est parvenue la semaine dernière j'étais malade au lit lorsque Amélie est montée à ma chambre me la lire je suis bien aise d'apprendre que ta santé est améliorée est que tu es si confortable et si contente de ton sort ta santé était la seule chose qui m'inquiétait sur ton compte. Oh que je remercie la providence de t'avoir fait échapper à un hiver aussi rigoureux que celui que nous venons de passer. Oh oui! c'est bien heureux! nous avons souffert, je t'assure! je ne me rappelle pas avoir passé un hiver aussi dur que celui-ci, le pauvre Peter a fait trois maladies et moi rien à faire et malade la plus part-plupart du temps.

Nous n'avons eu aucune des Elèves que nous avions l'hiver dernier, Amélie a eu quatre Elèves voilà tout, elle vient d'en perdre deux et au mois de Mai il ne lui en restera plus, elle a montré bien du courage et l'hiver elle s'est dévouée tout à fait à ses devoirs elle n'a pris aucun plaisir, tout ce qu'elle a eu, c'est de la fatigue et des privations. Peter aussi a été bien assidu

à son travail enfin il n'y a que moi
qui n'ai rien fait et cela me tue.

Je suis fâché de te donner de si tristes
nouvelles. Mais à qui puis-je conter mes peines
si ce n'est à ma fille elle seule, à savoir
les comprendre. Tu voyes que je te parle
de New York: tout ce que j'en vois, c'est de
ma fenêtre je ne suis point: mais ce que
je sais très bien, c'est que nous voilà en
Avril et qu'il fait encore très froid! le
mois dernier ~~à~~ été terrible. O! oui! chère
Anna, le climat de San Diego doit te
sembler bien doux, comme au duvet, malgré
le chagrin d'être séparée de ma fille chérie
je remercie le Ciel que tu ne sois plus
dans un climat si mauvais. Dans tout ton
bonheur, n'oublie cependant pas, que tu
as eu quelques moments heureux aussi
auprès de ta mère. Ces petits rayons de
bonheur en famille sont bien doux chez
Anna; pas un de ces rayons m'a lui^à chez
nous depuis que notre Anna n'est plus
parmi nous. nous n'avons plus que des
nuages bien noirs annoncés sur notre tête.
Ma chère fille crois tu que nous nous
reverrons jamais? dis-moi? trois ans! c'est
bien long! il n'y a pas encore un an que
tu es partie! Voilà! j'ai perdu les deux

Dear Sister

I wrote to you in one of Mother's letters
it seems that you have not received any from us we have
written to you three times I hope that they have not
been mislaid We are all very glad to hear that you enjoy
such good health and that you are happy I only wish
that I was there to enjoy the beautiful climate as I
can assure you that I am tired of New York. you ought
to be glad that you are in such a climate where you can
breathe fresh air a thing which we New Yorkers cannot do.
Mother has been sick most all the time that I have

been home she has just had a fit of sickness but she
is better now, Fortunately I am never sick. which I consider
a blessing for me. you wish to know how we are getting
along I wish that I could write a more satisfactory
account to you at present I have but little to do
as you know that those sick people leave the city so early
I have but two scholars at present one of them will soon
leave the city, I must try and find something to do for
this summer I did expect to go to Lowell with
a Mrs Depeyster but was disappointed, As to our friends
they do not trouble us they can stay where they are the
only ones that come to us are Daniel and his brother
and the graham's, since you have left home I have
seen Lizzy but once, but it makes no difference to
me in the least they can stay where they are, Do not
forget to write to Cornelia Burrows and the
Vanderhooffs as they expect a letter from you
do not disappoint them I gave you an account
of my voyage and that I enjoyed myself very much
give my love to Mr. Whaley, tell him that I hope
that he will bring you home soon, Peter sends
his love to you he says that he misses you very
much indeed I must close my letter by bidding
you adieu hoping to hear from you soon, and
believe me ever, your affectionate sister

My Dear Son Thomas,

I received yesterday a letter from
your brother Henry, and one to enclose to you informing you that he is willing to accept of your kind offer
I sent you letters on for his perusal. I should prefer his
coming to you to his going to ~~St Louis~~ but, I am at a
loss to advise for the best - You will read and approve of
all he says. I think Henry is calculated for Cal with your
aid. He appears to value your mind and generous offer
highly, at the same time fearful to encroach on your good-
ness. It will be a source of comfort to you to aid your brother
and not injure yourself. I shall feel very bad to see them go
but not so much as when you first departed. Henry wants
me to pack up and come to Washington I would at once
only I fear travelling in the cars, I will try to make up
my mind to do so when Sister returns she is to remain
until Ben has completed all his travels as he has been
absent from B a great part of the time she has been
here, he was on about 3 weeks since baby grows finely is as
loving as a boy fond of her nice grand mother. I wrote you
a long letter on the 20th ult

which I trust will be satisfactory to you. of Jan 14th
Mr West told me he has sent on your three notes - Mr
Somers was pleased with your promptness, I hope you
will agree to pay the interest, or let me as I am grateful
for their gentleman treatment to you and me it is only \$78
or there about as you have paid it a month sooner than the
note specified do not deny me my request in one way or other
and you will never repent the ~~money~~ act - I may get a
letter in a day or two from you but this will be gone
as it is the 5th instant today Sunday the Mail Steamers sail
to morrow but my I will write on the 20th inst as the Mail
has not come to hand. Last week, Mrs Montgomery
made up her mind to go to Galitzo but Mr & I wonder she
does not but she begins to relax, Thomas on one of the
papers I read recorded the death of a Mr Sauter at Lake
Superior, I supposed it might be the person that was in your store -
I should like to ~~take~~ have one for me and one for sister
not a very heavy border a large flower in each corner
all white I saw a very nice one for \$20 - fine texture
let them be good - Mr West paid all on Flinoff but
\$2298 cents I would have been perfectly willing to have
paid this sum but I saw Mrs Kief a note for \$100, which
she placed in my hands for a year at 5 percent I paid it
to Mr Day it is due to the first of April so that must be
paid, I told Mr West how I was placed I thought he might
offer seeing you was so prompt but he did not. I asked
John if he could assist me but his name has not paid up
so you see I am not able at present to comply with

D. Sir I find on enquiry from Mr Perkins & others that the State has refused for some time past, to receive any money for the Lots on any point. It seems that there are some new hands at work, and they now positively refuse to relinquish their right in the manner they formally did by taking one third of the original cost, they now claim the whole Land as far as the ~~State~~ ~~concerns~~ of the parties owning lots have joined together and engaged Law Ballant to defend them against the State, Mr Perkins has put you down for \$1000, some have subscribed \$500 towards the case, I did not accede to the amount being him, I could not do so without instructions from yourself, some of the heaviest Merchants in town are interested in those lots, and will fight the State for their little, a case will be tried on a fifty acre lot, as soon as the fillibuster trial now being put through will be finished, on the decision of said lot, will decide the right of the State or the owners from the Peter Smiths Sale to

Dorchester April 13th 1857

Dear Son,

To my great surprise I have not received any letter from you for several months, I trust my hope is you great gain, though I have expected to hear from you, it occurred to me you might have written to your brother Henry. I think I have written them three which you can answer if you have them or inform me I was at G. a few days last week, he said they had heard from you I was pleased to hear from you. I am happy to inform you that we all enjoy good health the baby has been sick, much better. He is to do business in Weymouth, your sister has decided to purchase a ^{frame} house in Weymouth Avenue, two streets above Weymouth where my lot is ^{B. 10} price \$3,300 - it is considered cheap, she will not occupy it this year as the rent could not be so, or did she desire it, as she was not aware that he would come to spend present. John thinks of raising his house this summer he looks quite fat the employer has not paid since the table is left in his hands, I hope he will as it would be such a loss and a great disappointment to John in his circumstances. His little ones give kindly I hope they will bring them up in the right way. I trust I trust you are prospering in your business & frequently think of your well doing, you dealing to a substantial one of the same, then you speak of building, you are good heart to arrange matters & things, I wish you could have attended to mine, but I must endure the deprivation for your gain, until you come home when you ^{have} built your own John wants to go to the spring, but materials are very high and you ask some to be 10 per day and

shall wait a while I presume the fall will be too scarce
unless to decide to buy one that may please me better -
let me inform that your cousin Elizabeth Benchell, departed this life
on the 7th of March of last year ^{consumed here} ~~was~~ has left three widows two sons
the babe may not live, a young child is sick, & Miss may help them
consider her case. I think she will have her names full not contentant
to the state her times of life and so she will wish I should be very sorry
to engage in the undertaking myself. I know I saw Mr Smith
last he inquires very kindly about your welfare which was a
great salace to me knowing you had paid all his claims
therefore I hope will send the interest as I am willing to
have it deducted from what you owe me then he cannot
say a word, do attend to it as the sum is a small one.

Sunday April 31th, Mr West gives up his establishment in Fultons St
he will keep a little concern next door for a while until he sets
me out so if any letters are directed to him for me I shall get them
I expect to hear from you next Mail. I wrote to then stating
that I had not received any letter from you, least he might I
think I was inattentive towards him I have not had an answer
as yet. Thomas no doubt you frequently think of your relations
at home why should you not give care all the children of one
parents and never can you forget the last overbearing
on earth, who has granted you so many indulgences above all the
rest of her children do think of the gratifying sights you beheld
while in Europe a good remark I saw one day he would ask no
favour, of a parent, perhaps said I you would you get the value of
it in a few years then he said I would forget I had eyes, and feeling

me too I think you had to have such delightful scenes
I wish it was possible I could have been with you but it is too
late to regret, it now I must content and console myself that you
have witnessed the sights I so earnestly desired to see the house I
was born in place of my father. (O how I will on time my letter
I have endeavored to communicate the news I think will interest
you as you have frequently favored me in like manner
Your sister has taken part of a house in Cumberland St. Brooklyn
she is to tend to live in a house, alone as he may be absent at an even-
ing though she will keep a girl I think board, until my house is built
no doubt you will approve of my plan as a good one
I hope too to be all fixed and moved by the time you pay another visit
Mr West has offered to pay the money and get the title I would
have otherwise but it was not in I shall go again soon as George gave
50 to pay the things which he has some of them, the weather has been very
stormy all the spring which has prevented me attending to many of
my concerns. I shall certainly but quite at a loss when Mr West
quits Fritton St. as it was so handy to call and get a favour when I
that is a great reason why I am so wish to get into the interest
so that I could call on him or Russell in a case of emergency this
I wish you to consider and not omit if you cannot think strange of me
to require it Mr West said it would be the most gentleman like
and besides it might be a great advantage to you in business some
day as a reference or something so other, I think you will agree to it
and write to me to that effect in answer to this I shall be very
on you I can not so much to pain. I have heard of your settlement of this
he is quite smart I am glad of it as I mention to live to an old age
-him I hope has given up house keeping intends to board I can but little what
she does as I have instead of my care to mind.

Dear Anne

I received your long, dear, few letters and was
very happy to hear from you, and that you and Thomas were well and
enjoying your selves, I hope that you may continue to keep well and be
happy, as you have commenced a new life in the world, one that
we all hope may be long and prosperous, you both must do all you
can to make each other happy, you I expected a letter from, ere this
but I thought you was so much pleased with your new home, that you
had forgotten your promise to write to me, thy health is very good at
present and the family all well with the exception of colds, which you know
is very prevalent at this season of the year, we have not had much
snow yet, the ground is now covered with snow 4 or 5 inches deep, and is
very cold, I hope that we will have some pleasant weather soon, I
almost envy you of your pleasant climate, I think that I should be delight-
ful to live in such a climate, as you speak of, it must be delightful to have
such nice weather, I hope that you may enjoy it, I am glad that
you have every thing so comfortable, it is a great blessing to have
every thing we wish for, well Anne so you and the boys could not
get along together, you remember I told you etc. would not last long,
so many families cannot agree in one house, I think that you does
perfectly right in doing what you did, if they wanted to impose on
you, how do you like the keeping house, I should like that it was
very handsome, how do you amuse yourself, have you any church to go to
do they keep the Sabbath where you live, I hope they do, Anne, I think that
I should be afraid of the children if they were born, for they are really they do not

like white folks, how did you make out on board of the vessel I suppose
you was very sick for a while, you talk of paying your a visit the
idea of going to Lochi on a visit seems strange. but I suppose in course
of time it will be thought nothing of. I'd you ~~had~~ not felt a dread when
you was so long on the water I think that I should. when there is so many
dreadfull ships to recked, I suppose that you would sooner live in
San Francisco than in San Diego would you not it must be a strange
looking place indeed, is Thomas content to live in such a place. I suppose
as soon as you get sick then we shall see you back again to our large city.
well I wish you all the good luck in the world, how have you prospered
in the baby line. I hope well it is time now for you to begin to look
fine I hope you may have luck and when you come back show us how smart
you have been. my little horna is a darling little thing, she is so caring
she begins to talk quite plain I wish you could see her now. Many
grows very fast, it was a long time before she gained her strength.
after you left in the fall she has not forgotten you, she often talks
of you but ^{her} health has been very good this winter only at
times her breast has pained him. I am glad to hear that your health is
improving so fast, I expect that you will so big that I shall hardly know
you. I suppose that your sister has arrived safe home, as you expected her
in the fall, I should think that your mother was very lonely with out
you, you are so far away, things goes on about the same here as when you
left. there is not much change. I still have Catherine living with
me, we have commenced making garden, but I suppose this cold weather
will be very much against it, we have a new line of Trages helping our
house now, so you may know that we see plenty of traveling when is you
expect to come and see us again, I ^{hope} you will come some day and stay
a good while with us we felt quite lonesome after you left last fall

San Francisco, April 15th 1854

And enclosed the note of D. C. May to Mr. Shreve five acres which I purchased to his father the firm of May & Co. when I was in New York - I do not say that his son was there on his way home and that when he arrived in San Francisco it was according to the wish of his father which is a matter of course. I have never seen the note and I do not know what it was for. I have never seen the note and I do not know what it was for. I have never seen the note and I do not know what it was for.

I have received two letters from you - one from Mr. Ford and one from Morgan & Smith. I am here on a few days concerning my business which is becoming more every day. When I was last there a man gave me \$100 for the lot which I had then for ten days at twelve thousand and it was on this money that I acted through you to Henry. I had not felt out forfeiting the \$100.00 money is so scarce it would be sold for anything like this therefore I am compelled to hold it rather than to see it go. I would rather prefer seeing it but if I can succeed in one year or two or three years longer it will be worth from fifty to a hundred thousand dollars as it is a part of the city just commencing to improve - But I would rather see it at ten thousand or even less than to

run any risk and it is for this purpose I
am here at present. I shall return to San
Diego in a week or two and hope to
find letters from you. I have been
expecting for the kindness he has shown me I
would write to him but am extremely
busy in packing shipping goods to San
Diego but will write by next mail.
Morgan is not quite so brisk with me
as it was. I have not much more
than paid expected during two months
past and besides I have had to pay
out two or three pretty large sums, but
notwithstanding I shall try to remit the
balance due Flintoft in July - I would

you to give him a new note for the balance
with interest added for three months
longer or quite the money in some way
to pay it so that I may have a little
more time. I hope however to avoid the neces-
sity of this - Morgan & Smith now that they
are settled with upon the fairest terms
I could possibly allow them, appear dissa-
tisfied and think that they should
have interest and say though they have no
legal claim upon me I must consider

contrary to my expectations as I have decided ^{myself} to build and shall need all my funds, I would give him a note but I do not think he would agree to it and then to let me have the least combat with them would be ungenerous indeed on your part as a son, knowing as you do, how grieved I was, with their unkind treatment to you I must say your time has not been very limited. Now Thomas too, Morgan & Smith, John, Mr West. thank you had better consider the matter duly, and agree to pay them interest, taking your own time to us so as it may be advantageous, as a gent in business, I am willing to pay it out of what you owe me and place it to my account, as I think them no one can say ought against my son. Ma chère Anna

Je profite de l'occasion de Mrs Babcock qui part demain pour San Francisco, avec sa mère et ses deux petits enfants pour aller rejoindre son mari qui est négociant, elle veut bien se charger de cette lettre dans laquelle tu trouveras un bracelet de mes cheveux et de ta sœur. Il y a déjà quelque temps que Daniel me l'a fait et si j'ai tardé à te l'envoyer plus tôt c'est que j'avais l'intention de le faire monter, mais comme je n'^{ai} plus l'espoir de le faire je te l'envoie chère enfant assurée qu'elle sera aussi précieuse que s'il avait la plus belle monture possible tu y feras donc mettre un fermoir toi-même et de ton goût. Hélas! c'est aujourd'hui que je regrette d'être si pauvre! ton père me t'écrit une longue lettre, tant qu'à moi, j'ai tant le rhumatisme que j'ai les mains enflées et c'est avec peine que j'écris, ma plume Peter aussi souffre beaucoup de douleur dans les jointures. Je pense que tu es de retour à San Diego et que tu as reçu

mes lettres. Adieu ma chère enfant
soigne toi bien et n'oublie pas de
me faire savoir si tu es enceinte.

Je vous embrasse tous les
deux de tout mon cœur.

je vais m'en aller. Adresse toujours à la

My Dear Sister

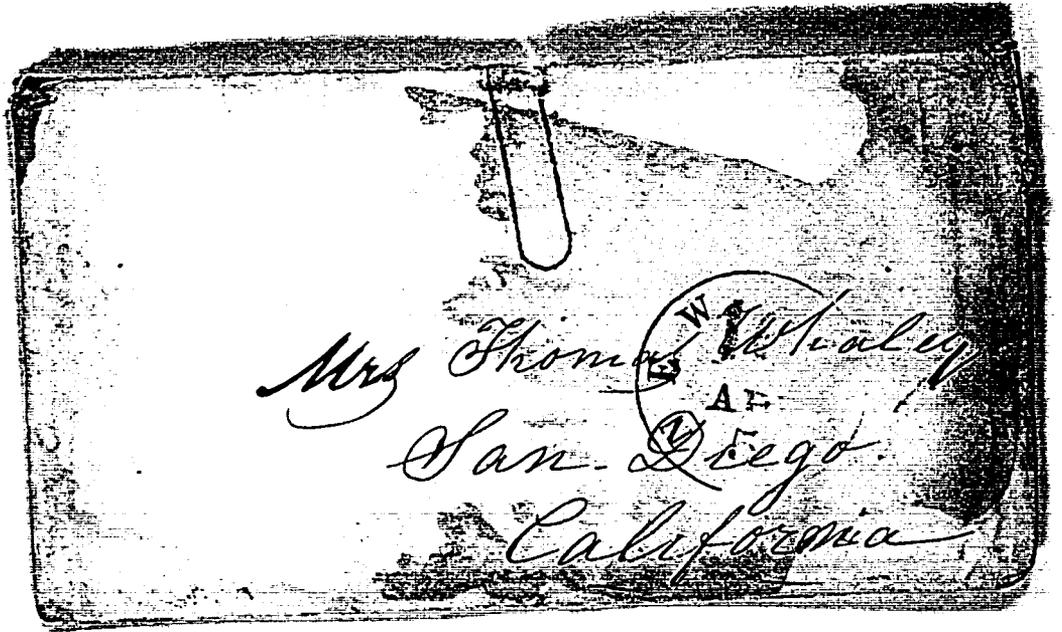

It is singular that you have received but one letter from us when we have written to you so often if you have not received them by this time they must have been mislaid no doubt I am happy to hear that you are still enjoying such good health and that you enjoy yourself for no doubt you need it being so far from home it makes the time appear less tedious for you I would like very much to see San Diego & but it would rather see you in New York we hope that you will return as soon as possible to your home although you enjoy good health and also that you are happy We are all well at present excepting Mother that never feels very well Peter is quite well now but he has not enjoyed very good health this winter he was never very strong you know He still works at Mr. Underhill his wages have not yet been raised but he expects that they will be soon as we find it very hard to get along at present with so little everything being so very dear He are still in the same house not because we like it so much

I can assure you but still we must
not complain, I expect to go in the country
with Mrs de Peyster if circumstances will permit
I do not like much the idea of going with
perfect strangers and it being so far
from here to leave Mother all alone
this summer again but I cannot do
otherwise or I should not leave her. It is at
Tivoli Dutchess County 113 miles up the Hudson
river and it cost three dollars to go and
come for which reason I will not be able
to come home very often which makes it
still more disagreeable but it cannot
be helped I will try it for one month if I
do not like it I can return home Give my
love to Mr Whatey I send him the Herald
that is full of news from the seat of
war he will find it very interesting, Mother
writes to you and also sends you a bracelet
that Daniel made for you of Mother's
hair and mine which I think you will
find quite pretty, you can have a clasp put
on as you are in the land of Gold and we
are in the land of dirt. As for our friends
we see but few of them excepting Daniel who
is a constant visitor I forgot to tell you that
Mother sends her letter by Mrs Babcock who
is going to join her husband who is a Merchant
in San Francisco. Write to us by every mail

I hope they expect a letter from you as I told
them that you would write to them. Poor Papa
is getting very old and sick he can hardly
go up and down stairs we are afraid
that he will not live long for
I must now close my letter hoping to hear
from you soon do not fail to write, The
children that you sent Peter came to late
as they have been all drawn, Peter sends
his love to you hoping to hear from you soon

Chère Anna.

J'ai reçu ta dernière d'att. le 20 Mars.
C'est toujours avec grand plaisir que nous
recevons de tes nouvelles et surtout que ta
santé est bonne c'est ce qui contribue le
plus à me faire supporter ton absence aussi
ais bien sois de toi ne danse pas trop,
c'est dangereux pour une jeune mariée.
prends de l'exercice, mais avec modération
enfin, évite la fatigue et tout excès, et
comme ta pauvre mère est séparée de toi
suis ses conseils et tu t'en trouveras bien.

Tu dois avoir reçu mes lettres à présent
car je n'ai pas manqué de répondre à
celles que tu m'as envoyées et Amélie
aussi t'a écrit dans une ou deux, elle
n'a plus d'élèves depuis quinze jours.
tu dois penser dans quelle position nous
nous trouvons. tu connais l'individu de
qui nous louons qui a renchéri notre
loyer d'un dollar par mois et qui ne
peut pas seulement attendre une semaine
pour son argent, oh vraiment nous avons
plus de peine que nous n'en pouvons
supporter, il va falloir qu'Amélie
cherche à se plaire pour l'été et si

Peter n'était pas si malredif; je me placerais
aussi; mais puis-je l'abandonner à la
merci des étrangers? je ne puis m'y résou-
-dre. et cependant je ne sais que faire
Moi-même je ne suis pas en état d'aller
chez les étrangers cependant si ce n'était
pour Peter j'en courrais le risque. Mais
non! je préfère mourir avec lui que de le
quitter. tu sais que je ne suis pas une
mère à abandonner mes enfants; tant qu'
ils auront besoin de moi, ils me trouveront

Dieu merci, ma santé est meilleure
depuis qu'il ne fait plus si froid mais
j'ai beaucoup souffert tout l'hiver
qui a été le plus dur et le plus
difficile que nous ayons encore eu à
passer. Dieu veuille que ce soit le
dernier. Adieu donc chère enfant
n'oublie ^{pas} que ma seule consolation est de
recevoir de tes nouvelles et d'apprendre
que tu es en bonne santé et heureuse

Je t'embrasse du fond
de mon cœur ainsi que ton Père

La mère affectueuse

I have written to you twice in Mother's
letters which I hope you have received. We are all well
at present and we are all glad to hear that you
enjoy such good health and enjoy yourself. It is very
dull with us. As for me I am far from going to a
hall once in six months but that does not trouble
me. We are very much pleased to hear that you
like San Diego so much. I was afraid that you
would find it very dull being a new place for
you. You are still keeping house which must be
very pleasant for you to be your own mistress.
I have not yet found a situation, it being
difficult to find a situation as I would like
And my not being able to teach Music it is still
more difficult but I hope that I will succeed
soon better late than never my dear sister.
I must close my letter by bidding you adieu
hoping to hear from you soon by every mail give
my love to Mrs. Whaley and believe me ever
your affectionate sister
P.S. Tell us if you have seen Mr. Warner and Eliza and
all about them if you can.

Peter sends his love

to you and sends you the newspaper news you will
read the awful accident which happened

to the Fairmen at a large fire in Broadway
you will send a full account in the Herald
which we send you. It happened that Peter's
Company were laid up for a time as they are
building a new Firemen's Hall so that they
did not lose any of their company, but fifteen
or sixteen firemen have lost their lives. It is
a very lamentable occurrence for New York, etc. etc.

She was very anxious that I should accompany
her and spend the summer with her but as I had
just returned, I could not think of leaving my
dear Uncle and Cousin so soon. She made me
promise that I would soon visit her and there
is a probability of my next letter being dated
from there, but it is uncertain, if I go I shall remain
but a short time, will try to be here when you
come again. I am not very anxious to go, for
from the description it must be a lovelier
place than San Diego, would you pity me if I
do go? I know you will, we can then sympathize
with each other having to waste our fragrance
~~in the~~ ~~air~~ what a pity? You must not

fail to write me long letters during my absence
tell me all the news, and when you are coming
to San Francisco and I will then return to
meet you here. I am still boarding at the
~~International Hotel~~ but will soon make a
change, for I am very lonely here, and think
a more private life would be more agreeable
to my tastes although there are many around
me. Yet I have no congeniality of feeling with
them. Now if you were here with me, I would be
satisfied to remain, I will advise you of my
whereabouts however. Miss Brown and Mother have
gone to the States. I shall look anxiously for
the return of the Hawthornes as I shall
expect a long letter from you, do not disappoint

My Dear friend,
I was indeed delighted
to hear from you, your letter was given me the
day the Southerner arrived, through Mr Seane's
kindness. I have almost worn your letter out,
reading it so often, and I beg of you to favor
me with another very soon. You little know
how much I missed you, it seemed to me as
though I had parted with a sister, and long
may our friendship continue, many, many
times have I wished for you, since you left,
I sincerely hope that you will soon pay San-
Francisco another visit, please say to Mr Whaley
that I hope he will not forget the promise
made to me before he left. In your next letter
do not begin with Miss Crockett, I beg of you
it almost froze me, it was so chilling, remember
my name is Mary, I dare not call you Anna

for that would not be paying due respect to
you as Madam Whaley, I am merely sending
in my regrets.

Lieut Derby and wife called on
me yesterday to make their Adieux as they
leave to-day for San Diego, but with the hope
of returning soon to remain here. I saw Mrs Derby
for the first time since we arrived, we have
both been ill. I suppose Mr Hurty informed
you of my illness, which of course was a
sufficient excuse for ^{my} not having written to you. I
was indeed dangerously sick, and often did I
wish that you were with me, although I had many
Friends with me and received every attention.
Yet I often thought of my kind affectionate
Friend Mrs Whaley, Mr Deane called to see me
on Thursday evening, he told me if I would write
he would deliver the letters himself, so I expect
you will see him, he can tell you that I look
like a ghost, being so pale and thin, he seems
to be a very kind hearted person, ever ready to
oblige. I would like to be with you to-day, I have
much to say to you, but will wait until you return.
I have been out but one evening since you
left, attended Kate Hayes' Concert, so you will
see that I have enjoyed myself but little in
that respect, but yet I am happy in being with
my Friends. We have had delightful weather

I hear constantly Lilly Dale either
played, sung or whistled, and it recalls many
pe scenes of the past, you know how a familiar
song or will affect a person and I never see
have that one enter I think of the many happy
ed hours we have spent together of our little
reunions, and of our ride to the Mission.

I regretted much that our friend Mr Stoff
is left in the way he did, poor fellow, his passion
may for Gambling ruined him as it has done many
in others, I shall always think he intended to do what
he was right and just towards others but he was forced
to act in the manner he has done by his imprudence.

I did not receive a letter from Philip last
week Steamer I suppose he was absent from home,
I look he wrote before that he had received the ship
line which I sent him by you. I hope you will be

5 pleased with your new home, and will be
have contented and happy during your stay in
return San Diego, often as I wonder how you are enjoying

yourself, when you play the Aurora and Affection
will waltzes you must think of your friend Mary,
in My friend Mrs Butler arrived about two
with weeks after I did, remained here a few days
ter and has now gone to Crescent City to live

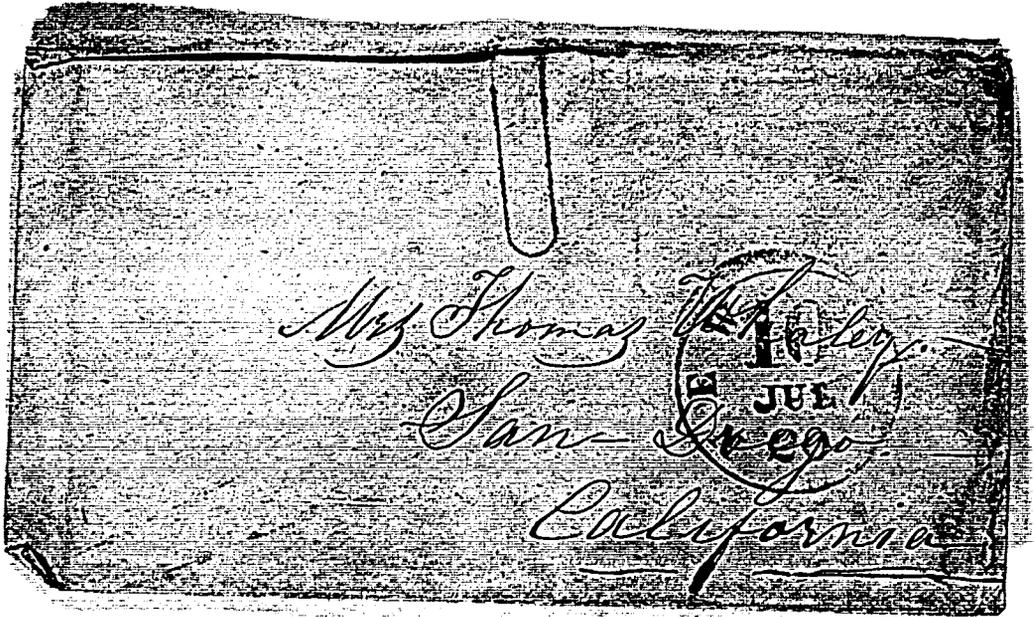

a small place, up the Coast towards Oregon
she was very anxious that I should accompany
her and spend the summer with her but as I had
just returned, I could not think of leaving my
dear Uncle and Cousin so soon she made me
promise that I would soon visit her and there
is a probability of my next letter being dated
from there, but it is uncertain if I go shall remain
but a short time, will try to be here when you
come again I am not very anxious to go far
from the description it must be a lonely
place than San-Diego, would you pity me if I
do go I know you will we can then sympathize
with each other having to waste our fragrance
~~in the thin~~ air what a pity? You must not
fail to write me long letters during my absence
tell me all the news, and when you are coming
to San-Francisco and I will then return to
meet you there I am still boarding at the
~~International Hotel~~ but will soon make a
Change for I am very lonely here, and think
a more private life would be more agreeable
to my tastes although there are many around
me, yet I have no congeniality of feeling with
them now if you were here with me, I would be
satisfied to remain, I will advise you of my
whereabouts however Miss Brown and Mother have
gone to the States I shall look anxiously for
the return of Mrs Hawthorne as I shall
expect a long letter from you, do not disappoint
me. Please give my kindest regards to Mr Clements
Mr Pendleton and all Friends, there are a few
persons in San-Diego, whom I esteem very highly indeed
and often think of them, say to Mr P. and Mr C. -
that the few lines of remembrance sent by them ~~was~~
indeed appreciated by me, it showed that I was not
forgotten by them, and they will please accept my
kind regards in return I suppose I would not have had

Chère Anna

Ta dernière du 23. Mai/54. m'est parvenue
et bien à propos je t'assure car je suis encore
une fois seule. Tu as dû recevoir la réponse
à ta lettre du 30 Avril/54 par la quelle tu
m'as envoyé cinquante dollars qui m'ont
été payés. Dieu te bénisse ma chère enfant
et ton mari aussi. Maintenant je ne veux
plus que tu t'inquiètes ni que tu te
chagrines; ta position demande le plus
grand calme d'esprit; l'agitation te
ferait beaucoup de mal. Sois tranquille
sur mon compte; l'espoir de te revoir
bientôt me fera vivre; d'ailleurs tes
bonnes intentions pour moi m'ont déjà
tranquillisé l'esprit et avec l'esprit
tranquille je me porterai mieux. Mais,
ce n'est pas cela seul qu'il me faut;
il faut qu'Anna se porte bien qu'elle
soit raisonnable, qu'elle prenne le temps avec
patience, et surtout qu'elle ne se tourmente
de rien. Tu veux que je te donne des con-
seils; laisse agir la nature; ne la gêne

en rien! surtout pas de danse: c'est
la plus mauvaise chose que tu puisses
faire que de danser, prends une ~~et~~ ^{et} ~~vois~~ ^{vois} pour

te ferait plus de mal que le repos.
ne porte rien de lourd, ne lève pas les
bras au dessus de ta tête, descends les
escaliers doucement et monte de même.
pas de Bains, évite la pâtisserie et
toute chose indigeste. Mange peu, et
souvent. Si tu as des tiraillements d'estomac
prends un bon bouillon bien dégraissé.
(tu sais le faire) aime bien ton mari,
recommande toi à Dieu, et tout ira
bien. d'ailleurs, peut être viendras tu
faire tes couches ici! alors c'est moi
qui serai ta garde malade je ne ^{te} quitte

que je serais heureuse de te revoir! et
ta sœur et ton frère! si tu pourrais nous

Dear Love.

I have long been expecting a letter from you in relation to the payment of your note to Flintoff. I was at the P. office ^{and} Mr West who still retains ^{but no letter} his little office a while longer, he is much surprised that you neglect to write, to inform me what to do, he said he did not believe they ^{would} renew the note but he would go up and see Flintoff. I am sorry for him to have any more trouble with the concern, as he is very perplexed with settling up his own concerns. I wonder should wish to trouble your friends so unnecessarily what would you do if you was at loss for a friend again. Do consider the affair duly. I would not act in such a way. I feel quite troubled about it John was in hopes to be paid off, but they have entered a suit against the Co for their payment so he says he cannot help you for he is obliged to make out with very little until he is paid off, they owe him near \$250, he needs it very much at all events, if you are not prompt to pay you cannot look for favours again. thought I am sorry to say so as I always depended upon your good principle of honour I am certain if I have to pay it I shall undergo a very great anxiety and trouble of both mind and ^{body}

which I little expected you would expose me too for
my kindness to you ~~As~~ I tell you I have not the money on
hand therefore I must be exposed to try to borrow and pos-
sibly not succeed only think of it. If West was in
business he might let you have the sum why did you
not send on the \$160. you received for the refusal of Kincon
point that would have helped finely towards it. Then
you have not sent the crop shawls or even mentioned
the affair why do you treat your kind parent thus
only think I am grieved, but I must take care off
myself; in future unless I can receive kindness in return
I am, the one to be used well, and deserve to be.

I wrote the purport of your letter to your brother Henry
I conclude he was not well pleased as he has not answered
me. ~~Father~~ has seen Mr. Dalton, he says his son, ~~and~~ ~~wishes~~
and has returned to San Ft; but if he returns he will make
him pay it, if all is right. so you may done it away as
tis gone from you — You, had better have sent me my

shawls than been helping other people. that is not my way
I look to my own. I was up to Johns last week all well
, but want money or any help they can get. Tho was tis
near a year since you was here, indeed, I can advert
to the coming with so little comfort, I do not crave to
think of my disappointment, after you had been absent
for four years, I am happy in the reflection the fault
was not mine. Though I am sorry.

Let me tell you we have a rail road from Fulton Spring

you yet, but, I hope and pray, you have or will send
one, containing a draft, to pay of your note at least.
Knowing how unprepared I am, do not forget to send
as I should borrow it on your account, perhaps some
from your sister, but, you know they have no more
than they want. John says you ought not neglect
paying your note to them as they are so unkindly
disposed to you and will carry it out to the full ex-
tent therefore do be punctual to attend to it.
I trust I shall not have any trouble if you remit
on the sum due. The weather is extremely warm
at this time you may direct to the care of Joseph
Atkins Carlton Avenue. Now my child
I hope you will listen to your parent as
I have her peace of mind I hope this will give

Friend Whaley

D. Sir, Your favour of the third Inst came duly to hand, as also the one by the previous boat, and which was answered by me in the last trip of the America dated Dec 30 as per my letter book; I have to make the same statement now that I wrote to you at that time, it is impossible for me to loan the money you wish for I am so hard up myself as to have borrowed money in use for use I am paying 3 per cent monthly, I have not the least chance of raising it on bonds & mortgages on the property and very likely at 2 1/2 per cent per month, but it will be necessary to send up an abstract of title to gether with the power of Attorney, I have asked several of my friends to loan the amount on your note alone but the excuse is you do not live in town, I have told them it is perfectly secured and good and interest and principle will be paid promptly, but they do not seem to be willing, for most of the spare

funds are loaned out here at ten day for
express ~~storage~~ ~~expenses~~ days, money
is awful scarce here, Mr Warner is
not in town this week, he is expected
here the first of next week when I
will call on him and see if any arrange-
ment can be made to get the money of him
I used to receive money on deposit for the
purpose of loaning out but for the last
two months I have not had one dollar
for that purpose, Messrs H. G. & S. know
are using all the money they have in their
business, but I will let them write
to you for their money, they have a
letter to me.

I congratulate you on the increase of
family and have drunk long and happy
life to the Mother and Heir, I wish
I was as fortunat as you are, but I
think that I was always intended for
a poor old batcher, alas poor solo me,
no news in town,
With Respts to your Lady

Yours Most Affly

Accept much love from your
 Aunt Mary
 I hope you
 will be able to attend this
 is so badly written
 but if you know how
 I felt you and
 please it. Please come
 to Mrs. Stone and
 all friends to you
 event to see Philip's
 family to see
 how it will be delighted
 to see you. I know. Please
 give my kind regards
 to our friend with
 Penelope and
 the gentlemen whom
 I often see more highly
 than Mr. C. S. - Mr.
 P. M. I do not think the
 case of the two
 do with anything desirable

I am hardly
 able to hold my pen, yet
 feel as though I must
 exert myself to write you
 a few lines, I am sick
 all the time, and have
 become quite discouraged,
 have taken a severe
 cold which has settled on
 Lung, and I fear seriously
 addition to that have

inflammation of bowels I ought to be in bed, but I felt anxious to write you, that you may know you are not forgotten. Mr. Clements called a few minutes ago, to bid me goodbye as he leaves tomorrow for San Diego he has called several times to see me, and I was indeed delighted to see him for I esteem him very highly, he told me that your were good friends, I thought you would like him. I fear he found me very dull this morning, I felt so dreadfully when he called. Major Brown and Mr Hooper I have seen also, I was pleased to see them for although I dislike Sam-wicks still there are a few persons living there whom I esteem very highly. Dear Friend do come down to San Francisco I am indeed in very bad health, and unless I improve soon, shall give up all hope of ever being well again, I had do not think I am frightened. Mr Clements told me he did not

see you, to tell you he was coming here, you would me to tell you about the particular business I heard of more therefore think you were mistaken with regard to it. My dear friend I wish you were here, I think of you every day and wonder when I shall see you. I hope Mr Whaley's ship will soon call here again, please give my kind regards to him and tell him he must not come without bringing you with him. I received a letter from our friend Mr Hoop it was dated (on board the Uncle Sam) May 7th, it must have been written soon after he left here he said that important business called him to the States, but that he would soon return again to California, he enclosed one of your cards (Mrs Anna E Whaley) I was at first puzzled

as the card dropped out
and I had not yet seen
who the letter was from
I feared that you had
started for New York; so
you see he did not forget
and God bless you my dear
friend, I hope soon to see
you do not forget me
but write often. Your last
letter was dated June 22nd
I was sorry that you did
not receive my letter until
so long after it was due for
you thought me forgetful
when I was out. Major Brown
was kindly offered to take
this and deliver it to you.
Do not fail to answer it very
soon and tell me all the
news. My dear Uncle is well
and wishes to be remembered
to you and Mr Whaley my cousin
Charlie is out here at present
he is living in Sacramento
his curiosity is very great to
see you as he hears the news.

Brooklyn July 30th - 1854

I have no doubt but you are informed by the daily papers, that the cholera has made its appearance again in our different cities. The weather has been very intense and for a long time in succession it is now a sultry day for which I am, very thankful. One needs to sit with ~~feet~~ ~~in~~ ~~hand~~ all the while and then not be comfortable. I have not received any letter from you for several mails, I trust you have written with a remittance or they must get the money the best way they can one thing is they must look to you first as the drawer of the note as ~~you have not the cash~~ ~~the~~ ~~idea~~ that you would leave me your note to pay because I put my signature for your accommodation is ridiculous. Suppose either of the others was to be in difficulty I must not aid them lest they treat me ill only consider for a moment how hard it would be little did ever think you would do so or can I believe it possible

I told Mr West - other day how you in a situation
and I was not in a position to pay it he said
if you would send on your note payable to him
for the amount he would pay them and wait until
till you was prepared to pay him as he consid-
ered you truly honest man, he is to prebail
on Flintoff as he says they would only give you
and me trouble, and expense. They want their
money West told them your remittance had not
come, and I was not prepared, then he made this
propositional Mr H. he agreed to it, that is to wait
until, West could hear from you, by note or
remittance, if he gets your note for part and
part draft he says if you are not prepared
to pay all, do attend to it or they will say
if he wont pay now that his Mother is his
security, he would not have paid it. I think
do listen to what I say the note is \$231 -
therefore, if you cannot send all do the best
you can with your note to Mr West, direct

or I think you will. - Thomas I have made this
matter as easy for you as I can I cannot find
the case as I must help ^{her} brother a little poor fellow
I have promised him to do so then I have many
things to attend to I wish you could send on the
hundred dollars I lent you for brother as you
say he ought to be assisted and put what you
can spare to it so that between us we can help
him a little and manifest our good feelings by

was here

I must purchase land for a burial spot
month that must be cash paid down with many
other expences John must atten to it, I think it will
be at Greenwood, if I reside in Brooklyn, it will
be near for me to visit now and then, as I long to
have it attended too - August 3^d 110 letter as yet
from you I had a letter yesterday from Aunt B, she says
Angelina is sick with a nervous fever she was unable
to endure the noise of the school next to puthers so
she has gone to Johns fathers so Aunt B is taking care
of Father, who is pretty well, Aunt B has had fever here
is better, I am very comfortably situated at present
in a private family they have a son Thomas, near
20 years old I continue to think that B is far
preferable to N.Y. - if you direct for me at
Brooklyn mind to put L.I. Island or City, as I
think I have lost 2 letters from Priscilla by her
neglect, as there are many Brooklyn's - only
think near a year since you left City, no
doubt you often think of it - I do not think
Dayton will pay that note you may be sure
I hope you have sold your lot ere this to a good
advantage if so you will be in good funds
I advise you to be very carefull as it is most
agreeable to be quite independant at least I
find it so. Now my dear child I must com-
mend you to the protection of a kind providence
to whom we must all look, your Affectionate Mother

My Dear Son

Your kind letter of Aug¹³ came safe to hand, which gave me great satisfaction. I did indeed conceive that you was growing quite negligent of your maternal duty, as your letters were infrequent. I was pleased to read that you had been building likewise, of your great expectations, in real Estate grant that you may not be disappointed especially in the suit, as you appear so sanguine on the occasion, I trust business will brighten up & but how will you have more time? is Mr Painter there, as I saw the death of a Mr S. in San Diego? How is Mr Hinton? Yes, your letter to John has been received John will attend to it particularly then your offer is liberal, I hope he will pay it for certain, as you have favoured him so highly I have heard little of him of late. No, doubt I will leave no stone unturned when the note is due I went up to J. yesterday so as to gain all the intelligence for you I could I called on Weston the way he said Flintoff was impatient for the payment as he had told them I was expecting a remittance from you as I was not able to pay it likewise the Epidemic prevailing I have not seen W. for some time I told her I was

I will not know Mr. Morgan has written you more what will
I am certain you would have sent all or part by this I told
him of Palmer's note which you had sent on to John
for collection he asked me if it was the P. Mr. Smith had
to call on I said yes but you had settled with him when
you was in Ill. he had given you his note he thought
you stood on better ground if he will only pay all well
the well, as I have great to do this fall a place of burial
must be decided upon John, is to meet me on sept wednes^{day}
to go to the Greenwood office, to get a lot as I think I should
prefer it there, I may not get a large lot then I should like a
Monument to be erected to your dear father, all this you
must know will take money, if I cannot see it while I
live it shall be done after, I depart, I can not call on
any of you for aid, only you are able, then I must help
poor Glen, I expect he is vexed with me and will not
accept when I remit, as he will not inform me the
way to send it or will he answer a letter I write I feel
angry at his vex, but, only wait until I can spare \$100 -
then he must and will be more clever he or she has not
written a line to, E, or John since they were here, I com-
sider it perfectly unkind J, feels it very much I heard
from him a few weeks ago when was there I am certain
J entertained them to the utmost of his power. I did not
understand that you was indebted to any one but me in
Ill. I should certainly expect it to be paid from Palmer's note
Thomas, I should heartily rejoice in your good fortune if you only
gain the Kincon P salt, then you may return home to your
native soil which you have forsake so long do hurry to make a
good pile quick as you say you can do better in Cal. than

I understand all the Staughtlin houses are to be moved but
I cannot see justly the time what will be done then you
may be home to help decide as you are a good calculator
Thomas I am sorry you differ so widely from Mr West
John and myself in respect to paying Smith's interest
all you argue is true but you take in the same
view as we do you may return and do business then you
would feel more full confidence I am perfectly willing
that you should pay it and charge me with it - as they did
not trouble and put you to extra cost. I even feel grateful to
them for the respect shown to you and I I think I am right
likewise you are not wrong but the sum is small and they
could not help but esteem you more than the value of the
payments I am willing to gain you that estimation why
will you refuse, do not feel vexed with ^{me} other who are
good friends to you, say the same, you can promise them and
take your own time to pay it no more on that subject
Thomas, your sister new born is a fine little ^{girl} look to Mother
had it been a boy I should like it named after you, the other grows
finely talks some words very active fond of Grand mamma
John's little ones are looking fine and well, John has full confidence
in his employer success, he would fix up his house this fall if he
had ^{his} money, they have entered a suit against the Company
for the Lamps on the tower, it was to be ~~paid~~ ^{paid} in Aug
but they postponed it so it lays, I hope he will meet with luck as
I consider g a good man, we are all tolerable well at present
the warm weather has tired me very much, The g g g
Oman are tolerable John wants me to come on

keep house for him, but I decline as I have business
in, say, frequent. When I do not like Nantucket, I think
if Angelina ^{gives} up B. residence is the next best. A. has
had a nervous fever of late is better the cholera has been very
fatal there this summer. Your little niece Rachel
of W. H. H. wants to pull your letter and give me a piece
of candy to let her, do so, but, I tell it is for her Uncle in
Cuba. She will soon be able to use your present knife &
fork. I think when you have offspring, it will be
entitled to the same attention I shall see Mr West
in a few days to know hear from Flintoff now if he
will wait your time well and good if not. Suppose
Mr West will pay them you sending on a part and a
not to W. for the balance I think he will help you
out if you will send me some in case Palmer's
note should not be paid we will get Flintoff to
have a little more patience as I do not have any thing to do
with Flip, I wish it was paid and then you would be out
of their power. write soon what you say to this
I expect to remain at the same place of board this
winter May the Lord prosper us all is yours

Affectionate Mother wish
Richard Whaley,

P.S. I will write a few lines to Ken today
we are all making calculations for his return and
see him keep his writing and why residence that will
be gratis I shall discuss if you more than ever now

New York le 19. Sept. 1854.

Ma chère Anna.

A mon retour de Tivoli, j'ai trouvé trois lettres de toi cher enfant: la première datée du 6 Juin, la seconde du 19, et par laquelle j'ai reçu les cinquante Dollars dont tu parle dans la précédente et la troisième du 3 Août et par laquelle tu m'envoie le Duplicat.

Tes lettres chère Anna sont bien consolantes pour ta pauvre mère; elles me prouvent que tu m'aimes et que je puis compter que tu ne me négligeras jamais. Ce qui me donne la force de supporter ton absence et ma triste position. Ensuite, ta santé, qui me donnait tant d'inquiétude et l'espoir de te revoir bientôt tout cela me sauve la vie je suis sûre que je serais morte si je te m'avais négligée. Mais Dieu te bénira chère enfant pour ta bonne conduite envers ta mère. Le Ciel bénit toujours les

My dear Sister

You write that you do not receive any letters from any of us it is very strange as we have written, both Mother and I, why you have not received them I cannot tell. You must not feel uneasy we are all well I returned from the country the first of Nov the family were very sorry to part with me but I returned rather late in the season for Scholars. but hope that I may still find some I am extremely glad to hear that you enjoy such good health also that I shall soon be an, country If it be a girl call it after me let as soon as soon as possible if it be a girl or a boy as we intend to send something, Mother when she goes out walking always stops to look in the windows of the shops at the baby clothes such as Cloaks Caps and so forth. Well you let me know how I may send a small package to you as I have three yards of very handsome lace from Paris I wish to send you half of it as it will make you a handsome collar. Do not forget to send a lock of your hair in your next letter as I want to have a bracelet made of it give my love to your husband tell him I think that he might write a line to me Adieu dear Sister and believe me ever

Chère Anna.

Il part un Steamre demain: je ne puis
résister à l'envie que j'ai de t'écrire
et quoique je n'aie rien de nouveau à
t'apprendre je pourrai au moins te répéter
combien tes lettres me rendent heureuse &
il me semble aussi que le temps passe
plus vite. Mais le temps passe, disons-nous,
nous nous trompons: le temps reste, c'est nous
qui passons. Comme nous croyons que tout
change, quand c'est nous qui changeons.
J'ai été bien heureuse de recevoir de
tes nouvelles le mois dernier j'en ai reçu
deux lettres de toi et ce mois-ci une
j'y ai répondu le 25. te faisant réception
du Draft. Si tu savais chère Anna combien
je pense à toi jour et nuit et combien
je désire te revoir, mais au ^{jour} d'aujourd'hui
l'espère où nous ne nous quitterons plus.
Si ma pauvre Amélie était mariée sans
être éloignée de moi car je ne pourrais
jamais consentir à être séparée d'elle

ou j'y consentais je ne pourrais jamais
vivre sans elle à moins que tu me fasses
de restons. Mais grâce à toi chère enfant
ma santé est meilleure je dis grâce à toi
car si tu m'avais négligé je serais morte
de chagrin. Mais Dieu te bénira l'âme
-lle part la pauvre vieille mère. Je ne cesse
de prier Dieu pour toi et ton mari qui
est si bon pour toi. Aime-le de tout
ton cœur et rappelle-toi que dans le champ
de la vie il faut semer des fleurs.

Et c'est nous trop souvent qui faisons nos
malheurs.

Tu devrais savoir si j'aime l'idée d'être Grand
Mère sans doute j'en aime l'idée.
Mais je serais bien plus contente de
tu étais ici. Peter, lorsque j'ai lu ce
passage de ta lettre, a répondu, Give me
my dinner quick, et Amélie a dit
Oh! Mother you read everything aloud.
Cependant je sais très bien que malgré
tout cela elle sera bien fier d'être tante
elle veut que ce soit une fille et qu'elle
se nomme Amélie. Tant qu'à moi, ce
qui m'intéresse dans tout cela c'est
que tu en sois quitte et que tes cousines

et fût-elle possible pour moi, d'être éloignée de toi
enfant dans un moment pareil. Mais enfin tu
es à toi, et entre bonnes mains et il faut se
laisser mourir résigné et mettre sa confiance en Dieu.
Tu nous marque dans ta dernière, que
de cette Mr Sutton est en visite chez-vous. Cela
qui nous a beaucoup étonné car on nous
avait dit qu'il était mort. Dis-lui
en champ qu'il ne manque pas de venir nous
voir lorsqu'il sera de retour à N.Y.
Nous nous avons été bien ^{aise} d'apprendre que
Elise a une petite fille, et que Mr
Warner se porte bien, j'espère qu'il
fait bien ses affaires. A N.Y. les
affaires n'ont jamais été si ^{mal} manées
et la misère si grande. Peter est
toujours avec Underhill, il travaille
depuis six heures du matin jusqu'à
six heures et demie du soir. On ne lui
a pas encore augmenté ses gages et
il n'ose rien dire parce que presque
tous les établissements envoient la
moitié de leurs ouvriers; de sorte qu'il
patiente jusqu'à ce que les temps soient
meilleurs. Amélie n'a pas encore d'Elm,

et moi je n'en ai que deux. Tu dois
penser quelle bien nous fait ce que tu
m'envoies et c'est pourquoi je me suis
décidée à rester où nous sommes jus-
qu'au mois de mai prochain.

Tu as donc un petit chien que tu
appelle Tippo. Notre pauvre Tippo
a été bien malade j'ai cru qu'elle
allait mourir il y a deux ou trois semai-
nes. Je crois qu'on lui a fait du mal
elle a une fracture et elle était
si gonflée qu'elle ne pouvait plus
monter les escaliers. Cependant elle
est beaucoup mieux et je crois qu'elle
se mourra pas encore.

Ecris-moi chère Anna, comment vont
les affaires à San-Diego! Je lis
toujours le journal lorsqu'il arrive
un Steamer, mais les journaux ne
font jamais mention de San-Diego
mais il faut que je finisse mes lettres.

Ton père et ta Sœur t'embrassent
de tout coeur et prient Mr Whaley
de leur écrire quelques lignes.

Bien te bénisse. Ta mère affectuosa

Your Sister is gaining strength from her confinement

affected she will have to get other assistance to
save people her brother-in-law has administered
to his father-in-law's personal Estate of \$1,700, which
was in Henry Trip's hands and sued Mrs Trip so
you see she will know it feels and right
she should I guess her trouble will not end there
as people begin to want their payments as she
has of them - Father said he wished me
to speak to her I told him I felt myself very
unkindly treated and was sorry I could not
comply with his request he did not much like me
to refuse him I told him we were good friends
and she did not think much of me or she

Your Affectionate Mother

San Diego, October 11th 1874

Dear Mother,

I have not time to say much owing to the wreck of the Steamer Yankee Block. The time for a week past has been full of her passengers. To day they have to return to San Francisco. You will find the particulars of the disaster in the papers more fully than I can give them. I enclosed you in my last a note made payable to you for the balance due Elliott as per witness. It is not in my power to pay him at present and in case you are obliged to eat my security you will have my note for the amount until such time as I can send you the money. You must not think hard of me even now as I have done all that lies in my power. I hope that Palmer will pay his note for \$295.00 in which case you will get the money much sooner than I can send it. Arthur Sutton is still with me. He is a first rate fellow and a smart young man. I have no doubt but that he will do well. The great excitement here is the building of the rail road from this place to the mouth of the Tula River. Arthur takes an important part in it and in case of the work

going into operation he will get a good berth on
the road. He has heard that Andm G Phelps
has left him something in his will and when he
is assured of it he will probably go to New-
York. As you desires to be remembered to
you - and says if he goes to New York he will
pay you his respects. The climate here is
beautiful at this season of the year and we
have an abundance of grapes peaches &c
I am getting on pretty well in my business
considering the dearth of the times. It is prob-
able that I shall dissolve partnership with
Mr. Morse the 1st of next April and as I can
not do well without a partner I shall make
Henry an offer in time for him to come out
I may better take in my brother than admit
a stranger again. I will write more upon
the subject when things have been determined
upon and I have the money to send on to
pay his expenses of sailing. You need not
write to him to write his appreciation until
I inform you more definitely. My health
continued good and I have no reason to com-
plain with my lot. Remember me to all and
believe me as ever

Your affectionate Son

Thos Maly Esq

Just arrived from a surveying tour. Have been out with Poole & Boutanack and succeeded in finding a first-rate route for the Pacific R. Road by the way of Saint Isabel. I ought the Company have a public meeting for the purpose of Electing Officers. Last Sunday we (P.R.) & myself were here at work all day getting up a Map of our investigation. It is a Chart and a Capital Report attached. We were highly complemented by all that have seen and heard it read.

Your vote will be required but alas you have left. Mr. George Moon will be on the carpet for President Bendleton for Secretary. My name stands out in bold relief as the discoverer of the new route on the Map. "We all going up" In our travels out at St. Maria we fell on a gold mine which as Dr. Ross says "If it pays" he will give me the finest Horse in California and a Silver Mounted Saddle. He has ordered down from his Rancho 2 Mules and provisioned us for tomorrow ^{stach} (Rausentrick) So you may expect to hear of the greatest discoveries in Gold this side

of the Jordan. Things go on swimmingly & the excitement now is this evening P.R. meeting. Capt. Buxton U.S.A. has subscribed \$1000. And as the meeting will be a Public one the \$15,000 will be obliged to be put up.

If I should not return before you come home you will find the key of your Room in the Bath-Room behind the door. By the way your apartment is full of "fleas". Mrs. Robinson is taking care of your birds or at least Mrs. Whaley's. The dog still continues to sleep at the door. Rates in a burndance. Yours dull.

Go a fine "spree" the day you and left and have sworn off for "Ever". The beer bunch looks at me and smiles. Sorry some.

You did not mention to Cropp to let me have what little funds I required, but at any rate I borrowed some of them on my own face. Tell Mrs. Whaley to keep an eye out for the "Party" and if possible bring one down. Masked Right Side up with each.

If he should see any of my interested friends remember me to them. Not forgetting those I owe.

Bole, Rainsback & Tutton have evoked our appointment as Engineers of the proposed Pacific R.Road.

on "Proposed Routes" and the other on "May

We have the thing "Hot" up in splendid

Committees to wait on the President at
the opening of this evening Meeting. Stock
has gone up ^{per 104}. The stock books are filled
and the \$15,000 cash hand.

We were on our investigation
for some 6 days and out of the whole time only
off of our mules 14 hours. Mr Row stood
at the front of the whole. I have become his right

Stop in at Sulloons or Atkinson Book Store
to get me the Catalogue on R. P. Horses

I thought if it could be possible to raise about \$1000. at a moderate percentage it would be just the thing. The manufacture of Whiskey and the ~~expense~~ from it, will feed sufficient number of Pigs to make a man sick in a few years. Mr. R. has been in the business in Great Salt Lake City and would have done well, but owing to not conforming to the common ideas he was obliged to fly ^{George Westover} I wish you would procure for me a book on Distillation and see what a Still of 30% Wells is worth, also what Bark is worth & Thousand and Soft Pine Wood.

I think the money can be raised. If not I will give you and John Nicholson a Put so be prepared for an attack. Mr. Rose has offered Mr. R. & myself his four miles property free of cost for 5 years. You owe a Thousand & I'll pay you well. It is remarkable that there are no letters for me from U.S. as for the eye being open the fact of the matter is that I have not been to the house 3 days in all, since you left. But I see that Camp is strictly on the no bedis ~~top~~ and nothing doing but R. Reading.

So don't forget my books and ^{the} other little items. Tell Mr. Whaley to give my love to all our girls and do not indulge to freely with the "Clerical Wine". But old friend J. San Diego, Nov 8th 1854

Friend Tom

Yours of the 4th came duly
to hand. As for writing, you will find
two letters at Messrs Hedges & Pickett's office
I say you cannot sell. And, it will be
an "impossible" to canvass for your Secretary
ship, as you are not a signer to the new
subscription list. The sheets of the bond
is all taken and many subscribers
refused. The Charter is at this moment
as doubt signed and on its way to
Washington. Mr. Hatched was the bearer
of the "doct." Happy to hear Mr. Wiley
is in good health and beg to be remind-
ed to her. As to birds and dog they
are enjoying themselves. I have been
out for a week at Mr. Ross's Rancho
and had a bad accident occur to me
in the way of "Quoting a Rifle." But as
the old ladies say it might have been
"Horsed." Next Monday if alive Col. Geul
Judge Robinson and myself and others
make a tour to the Desert for the pur-
pose of sending a report out to Washington
to counteract the effects of the Northern
or Williamson Route. "We are working hard"

The Subscriber has another project
on hand that is in going into the Sis-
tyle business with a Mr. Kaasimbach. He un-
derstands it finely. Do not imagine it Poor.
The gentleman I speak of is our friend
the Ross's Engineer and a fine man. He has
been making calculations on the matter &
find it will pay first rate. The only object
is the "Money" and it will require about \$2000

Brooklyn Nov^r 5th 1854

Dear Son -

Yours dated Sept 14th came to hand
only a week since why did I not receive it before
very strange did you send it by private conveyance
I was very sorry to learn that business was so poor
but, I should have thought you would have been
prepared to have paid Sept 21 - in nine months
at least or a part - as was responsible for you
I was obliged to get your note renewed for six months
longer from Aug^t 23^d - Therefore I trust you make
arrangements to pay it when due as I shall be out of
pounds being resolved to get a lot in Greenwood
and put up a monument to your father's
memory which will cost some hundreds there
fore that will disable me from paying
your note to H - why not pay there as well as
a Sutton he will hang on you as long as he
can better that you had never seen him
you say he is steadily up, because he has not
much to spend but you will not care for
what I say though, I am your Mother and a
friend when called upon giving children ^{the} preference

I do not receive any in return which grieves me sadly
but, what am I to do you might listen to me as I
am far from wishing you any ill or taking any
advantage of you only see how you have benefited
others. I am truly sorry that you feel discouraged
I should not think to leave as you have real estate
in San D - but I cannot advise you there any more
than I could in E. G. you think I know so little
my knowledge has since this far, to provide for my
wants or who could I call upon mercy knows, my
father, is not able you say I write severe letters
I consider I am quite patient towards you I
do not to be worried about your payments
and have written you great reasons why
neither do I recommend you to make any
sacrifice of property but I think you ought
to have attended to Glindöf's affairs as they
may come upon me I not being prepared
are you engaged in other affairs I think it is
because you do not mind as I am responsible
how much difficulty I have about it, Indeed
I was certain you would pay it in time that
I intended to tell you to send on \$100, to
enable me to put up a Monument worth
\$100, than I contemplated but it will be well

I think of it you recommend me
to pay I - I cannot possibly do so as the
burial affair will take more than I have

money to pay Flintoff, I should say you had
a great deal of money owing to you in fact
I am glad Thompson is doing well as I thought
well of him and hope he will prosper We
are all tolerable at present I trust you have

health and happiness with better success in business
so that you will be able to pay off ~~the~~ your liabilities
and help every one you please as you are so
very liberal minded I am glad you have a good
stock of goods on hand which will be disposed of in
time I trust the ladies you escorted to their
better half have manifested their gratitude
towards you by their agreeable conduct
I presume you can tell how you like your new
abode by this time I hope well. in your
last you did not write much like making
a pile in quite such a hurry as in the pre-
ceding letter, I flattered myself you would re-
turn home in haste but, I am doomed to dis-
appointments. Thomas, I am sorry you think
I would do you the least injustice in say^{ing} I think
you might have paid \$, 2⁰⁰, in nine months
doing the great business you said you was when
I saw you, then you could have any amount
you called for, but when you read what important
business I apply my funds to you will not
wonder that I shall be short of money as well
as yourself, ^{but be glad} but I have to dash in haste I hope
never to have reason to write you any unkind
letters again as you will not fail in six months
from the 23rd of Aug^r to be ready. I will often think of
you my child Your affectionate Mother

San Francisco, November 11th 54.

My Friend Wood,

I have had the devil's own time of it. It does seem I am spell-bound in this piece. I had every assurance that I would get-away to day, but I am disappointed. My lots that I offered at auction I could not sell at one third their value, consequently they were all bid in by a friend. Yesterday the 25th for the States interest became due and I was obliged to loan the money temporarily until such time I can make a permanent loan for the month and this I hope to be able to do when Hannard returns and then go down to San Diego probably by the next steamer. If business was brisk I should feel great anxiety about being away so long but I know there is not more than my own sanity attached to. If we a man did try to dispose of a piece of property I have tried to dispose of since I have given the matter my full attention since I came here, even offering at less than one half what the auctioneers said it was worth but without being able to effect a sale though I thought I had done so a dozen times. I am fully convinced that this is not the time to sell real estate. A man

could hardly be found to take a piece of property, if
it were given to him, if he was obliged to pay for ma-
king the deeds. I shall not think of offering any more
until there is a movement in the real estate market.
There is sensibly a piece of property offered for sale at
public auction upon which a bona fide bid is made.
I shall I am satisfied to hold on believing that in
a year or two it will be worth a great deal more
money than I have offered it for. The States interest
will cost me nearly three thousand dollars. The Lord
knows whether I shall be better off for it, but I think so.
I have Council fees different interest in order to pay the
ten and twenty five per cent installment of \$1000.00
and this amount I want to raise upon my note
for three months that I may pay back the same loan
and then go to San Diego. I think I can arrange it
when Raymond returns so as to leave by the next boat.
You must try to do without me a while longer.
I met Yaman this morning. His ranch is compromised and
he is trying to effect a loan upon it. He sends the money
age down to day, and also to get off the land's civili-
zation of the ranch of his ranch. When he receives this
he will have no difficulty in raising the money so as
to be able to leave here in two weeks from today
for San Diego and settle up all old scores there.
I met Stratton back. Told him I was hard up and
that I wished him to pay me \$50.00 I lent him
some time ago. He demanded he had not over

hoped soon to have the edition of a paper in
San Diego. Sacramento. The best news I have
heard is from Mitchell, about the railroad. He
showed me the copy of the charter. I am
glad to see that you are one of the directors.
I would not have missed being in San Diego at

I think I should have come in for something - I am
glad however that the company has been formed.
It has my best wishes and all the good I can pos-
sibly do for it. How I would like to go down to
San Diego on account of this rail road business! but the
idea is of no use. I must remain a week longer.
I think however that the railroad business is
valuable here are willing to subscribe to the stock
if we can possibly build the road without this and
I think it would be most decidedly to our interest.
I go heart and soul for the rail-road and if I had
disposed of my real estate here I should have added
the amount of stock I have subscribed and invested
the balance in real estate in San Diego - But what is
the use of giving perhaps at some future time. I may
ask, I understand, has subscribed largely. He must
have changed his views greatly. I wish I had him last.

cost of recording deeds Permit the money to Hedges

for him after the arrival of the last mail. I have not
yet received the letters which you wrote he enclosed

I am not allowed to the order in your

Brooklyn Dec^r 4th 1864

Dear Son,

Yours of 1st, th came safe to hand
informing me of your health and happiness more
than Dr. Kirk can boast off, though he was so smart
when you was here, he and his Mother sailed for
Florida, two weeks ago, as his Dr. told him it was all
and the best advice, he could give, as his Lunggs was much
affected, Thomas, I am much surpris'd that you ^{write}
so strange in reference to your settlement with
Huntoff's if you cannot pay all, send on part
you know you led me to believe that you could
care for any amount of money, and have it, and now
not pay the small sum of, 200., as you then cal-
led it in a year. how can I listen siterly to
such tales, I should think you might have as
good thoughts for me as you would have for
strangers, why did you find cash for
Mr. Pool to send for his wife if it straightned you
so much, I do not like you to leave me to others

You might say if you receive my money as to take the trouble to write

peoples money, you say you are bound to pay
Anson Sutton, I am bound to prepare a lot for
your fathers burial place, and put up a ^{grave} monument
which will cost considerable and you will know
I had no cash on hand when you left after paying
you what you demanded, I do not ask any help
from you. Therefore, I trust you will not hin-
der me from prosecuting my mother's plans,
as John said "you cared more for strangers
than you did for your own relations," but as
you please, I cannot forget my own, as well
you know it. your note to me becomes due
next month, let me tell you, I cannot pay it
to Flintoff I am sorry to let them see you
are so tardy, I told West to tell them of
Palmer's note which would moderate a little
John cannot find him, called on Putnam he
would give but little information said he had
not seen him for a long time so if he can
find him he will, I did intend to call on

I intended you to send a note payable to
Mr West and I would get him to pay it - but
perhaps he might not have as great confidence
in you, as he had, as you have been so tardy
in your remittances. I could not have supposed
it would have been the case with you, as you
had a liberal time to pay it in, but if you have done
better with your money to build and other investments it
will be a great accommodation to pay interest of 7 per cent
a while longer, but do send on part soon as
you can and free me from any liability as
I do not admire, to be called on for money I
am unable to pay, as money is hard to collect
and will bring a great discount, all this you
know more than I can tell you do not say I am
making in writing thus, as I consider it correct and
who would ^{not} in a Mothers defense, do not neg-

that we are all well though you never say a
word to my many communications, therefore I may
become weary in well doings, not that I wish to re-
prove you, you may not have received my letters
John is in trouble with his employer as he cannot
find money to pay his men and the suit for the
tower is put off until a month

I feel sorry for him as J. is a man of good intentions I hope he will get cash when the suit is settled I hope and trust you are prospering in your business as you say give over aiding strangers help your own, do not take Anson in business if Phelps, has left him cash, he had better be looking brisk after it, and not living on you he is a mean man, you wont get clear of him in haste — Your climate must be fine to produce such fine fruit but it is a consolation to me to read that you have such great comfort. Ah! my boy little do you know about matters so what you will, I guess you begin know that it is possible to do to much for some people I am glad you think to disolve with Morse, I shall not say much to allure Henry, as I know ^{he} poor fellow was much disappointed before I have just received a long interesting letter from the miss Demersey they are well and happy prospering slowly they inform me that Mrs Stodard is again troubled with aberrations of mind, I was sadly grieved to read it, as she was in a most deplorable situation before and may have to go to Utica, again poor woman Mr John Loyier has departed this life & page

Chère Anna.

J'arrive de donner une Leçon et je trouve
ta sœur occupée à lire une lettre de toi
qu'elle vient de recevoir à l'instant. et
je m'empresse d'y répondre. ce qui
fait trois lettres depuis le 25 Nov. la première
dattée oct. 23.
1 Contenait le Draft pour cinquante dollars
la seconde dattée San Diego 11th et la trois
ième dattée San Francisco Nov. 9th. Dieu
Soit béni. tu te portes bien. N'ayant pas
reçu de tes nouvelles depuis le mois
d'Août je commençais à être inquiète
et lorsque j'ai reçu ta première lettre
la semaine dernière j'étais si agitée que
je l'ai déchirée en morceaux lorsque
j'ai vu l'écriture de ton mari j'ai cru
que tu étais accouchée. Oh! que je
voudrais être auprès de toi quand ce
moment-là va arriver! mais ne crains rien
tout ira bien je l'espère surtout si
tu ne commets pas d'imprudences
Il est étonnant que tu n'aies pas reçu
de lettres cependant Amélie et moi

vous et avons écrit le 5 sept. Mais comme je
n'ai pas porté les lettres à la poste de Broad
pens- être av-ant- on négligé de les mettre
à la poste. Voilà peut être la raison que tu
n'as pas reçu de réponse. Je te marquai
que j'avais reçu les Draft et le Duplo
j'arrivais de la campagne où j'avais
passer deux semaines avec Amélie à Tivoli
L'air des montagnes m'a fait beaucoup de
bien je suis beaucoup plus forte j'ai
une leçon tous les jours chez Mrs Fox
dans la 4^{ème} Avenue entre la 20^{ème} et 21^{ème}
rues j'ai eu aussi Mrs Telfair pendant
deux mois, mais elle est repartie pour
Savannah. Samedi dernier je n'ai donc que
deux élèves. Peter est toujours chez Under
il travaille bien assidument depuis six heures
du matin jusqu'à six heures et demie du so
on ne lui a pas encore augmenté son
salaire et lui n'ose rien dire) à présent
que les temps sont si durs et que les
plus grands établissements renvoient les
trois quarts de leurs ouvriers, d'autres
ferment leur établissement enfin c'est
une détresse parmi les Mechanics, les
affaires sont mortes à N. Y. et Dieu

ce que vont devenir tous ces pauvres ouvriers
et leurs familles à l'entrée de l'hiver
lorsque les provisions sont hors de prix.
Les rentes de même le charbon etc.
C'est pourquoi je n'ai pas pu diminager
j'ai cherché pendant un mois je n'ai
rien pu trouver à moins de trois cents
Cinquante à quatre cents pour un
second de sorte que nous nous sommes
décidés à rester où nous sommes jusqu'au
mois de Mai prochain. Nous avons fait
les deux chambres sur le même plancher
ce qui est plus commode. Tu espère que
les rentes baisseront cette année alors nous
pourrions nous procurer un logement plus
convenable je l'espère.

Tes lettres m'ont fait beaucoup de plaisir
chère Anna tu me marques dans ta première
qu'Elise a une petite fille. Comme tu le
dis bien elle ne peut plus être ^{une} vieille-fille
la voilà Mère! elle doit être bien heureuse
certainement que son sort est préférable
à celui d'une vieille fille. et Mr Warner
fait lui bien mes compliments. Il devrait
envoyer chercher son petit Tom. j'espère
qu'il fait de bonnes affaires et qu'il

Friend Whaley

Dear Sir / Your favour came
dearly to hand by the str. stating request of
loan for six months, I have not any funds
myself but of course it can be raised
on bond & Mortgage and I think it can
be got at 2 1/2 instead of 3 per cent per month
in that way, but to raise it, it will be
necessary to send a transcript of title, and
the interest will have to be paid monthly
in advance. according to custom, real estate
is still falling, I cannot get \$12000 for
my house that is a loss of \$10000, in one year
on that one damned old house, and it is not
rented either at that, I never wanted
to get married so late in my life as I do
now, if I had a wife to put in there
old Christ could not rent or buy it from
me, I would go there and live it out
till the death, and after that the young
lads should have it for a school house

My Respect to your Lady and yourself
P O Pimm
